Effecto and Finishes

Will give you finished results at a home made price. Spread Effecto Auto Enamel over the surface as best you can and forget about it. It will even itself out into a smooth coating and dry out of danger from dust quickly.

One or two coats will work a wonderful transformation in your car. Effecto Auto finish is very durable, more durable than the finest originally put on by the manufacturers of most cars. It will not crack, chip off, nor become dull through exposure to weather or repeated washing.

Effecto Auto Top and Seat Dressing

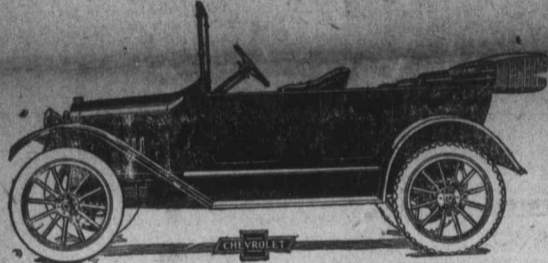

Effecto Auto Top and Seat Dressing restores the new black appearance and durability of mohair and leather automobile tops. It thoroughly permeates the fibre, colors it and waterproofs it.

Effecto Auto Dressing dries in about an hour, no danger of clothes sticking to the seats. A quart can of any of the above materials is sufficient for the average car.

We carry in stock the following colors in Effecto Auto Enamel: — Black, Grey, Green, Blue, Red, Yellow and clear Finish.
