Results in a Case of Severe Kidney Trouble After Only Four Weeks' Treatment

Mr. Fred Latimer of Lansdowne has written us as follows:

Gentlemen,—Twelve years ago I had my first attack of kidney trouble following a heavy cold. The pain in the back was severe and there was swelling over the kidneys. I rapidly lost in strength, weight, and color. I got over my first attack, but my kidneys were left weak and tender. Several small attacks have since weakened them, and about a year ago I had the worst attack of all. I was confined to my room for eight weeks. My doctors attended me constantly and by their ability I was able to get up, but when I got around again, I found that my kidneys were still weak and tender. A friend of mine—a doctor—told me to try Capsuloids. A month ago I commenced taking them. Now every one of the bad symptoms have disappeared. The pain is all gone and I scarcely ever feel any more. I have gained three pounds, improved in my appetite, lost nothing, and have a good healthy strong appearance, with lots of color in my face. Best of all, all the kidney symptoms that so worried me have disappeared. It is hard even for me to believe, but it is perfectly true. I feel thankful to the Capsuloid Company.

Gratefully yours, (Signed), FRED LATIMER.

The court will hold their meetings in Lamb's hall.

The North Augusta Tragedy. The coroner's jury, appointed to enquire into the circumstances surrounding the death of the man Scriver, who was killed near North Augusta, as reported last week, returned a verdict in accordance with the facts stated, without attaching any blame to Pear.

The inquest developed the fact that Scriver had lost all the right to make his spring beds to Pear, and that during the negotiations he had found time to talk love to Pear's sister, Mrs. McIntosh, and that in subsequent correspondence they had considered the question of getting married.

The widow and son of deceased came down from Bolsover to view the remains. She had been separated from Scriver for about 10 years and desired only to satisfy herself of his identity. Deceased had two sons by a former marriage (of which his second wife had no knowledge), and one of those came from Sterling, N. Y., to take charge of the body.

On Saturday evening Scriver's son laid an information before Police Magistrate Deacon of Brockville, charging Pear with the shooting, and on Sunday was arrested by Chief Ross and taken to Brockville where he was locked up for the night. On Monday he appeared before Police Magistrate Deacon and the case was given a preliminary hearing. He was committed to stand his trial at the June sessions, bail being fixed at \$3,000, which was at once furnished, himself in \$1,500 and Messrs. Ralph J. Joynt and Miller, \$500 each.

While Scriver's death may have been due to criminal cowardice on the part of Pear, nothing more serious is alleged against him, and the people of the district in which he lives are of opinion that to should be dealt with very leniently.

The fiscal year of the Presbyterian church in Canada was terminated on 1st March. Heretofore the year has run from May to April 30th, but by the action of the last General Assembly the change was made so that it now runs from April 1st to March 31st.

Mr. Epiphanius Johnson of Hard Island, left on Monday for Pennsylvania, where he may remain for some time. He has been in the province of Ontario for some time, but he will be much missed on the Island, where he has taken a prominent part in all departments of religious work.

We notice a small flock of very fine light Brahma fowl on E. S. Clow's lawn. Mr. Clow imported these from England and they are the famous reliable poultry farm at Quincy Hill. He will have a few settings of eggs to spare this spring. Anyone wishing to see should speak early.

Mr. J. J. Walsh, who has conducted a merchant tailoring business here for the past two years, last week took his stock in trade and good-will to Mr. M. Chasels, Athens' "old reliable" tailor, and will return to Ottawa, Mr. and Mrs. Walsh have made many friends here who will sincerely regret their departure. Mr. Chasels takes possession of the premises, and will remove the stock from his old stand.

Accounts were sent out from this office this week to a large number of subscribers who are two years and over in arrears. As it would cost several dollars to pay these on accounts to delinquent subscribers, we are sending out our mailing list to date and wish all our subscribers to examine same and if they find any error to notify us at once, as if I be I shows that they are in arrears, they will confer a special favor on us by settling the amount due. We have in view a number of important improvements in the Reporter, but can make them only according to the response made by our subscribers to this request for payment of subscriptions.

A letter just received from Prince Leopold reviews the fair ground at New York City, who is under engagement to make an ascension at the Oddfellows' demonstration at Gananoque on July 1st next, states that he has just closed a contract for five ascensions in the city of Mexico, from April 14th to 20th. The contract price to be paid would be a fabulous sum for any city or amusement bureau in this country to pay, which shows Prince Leo's reputation has spread to a large market, and he is of Mexico has faith in his ability to give these a superb people good value for their money. Prince Leo has also made an engagement with the managers of the Toronto Industrial Exhibition for one week at the party fair.

We understand that parties are negotiating with Mr. Phil Wilton for the purchase of the plot of 21 acres, north of the B. & W. station, with a view to dividing it up into several blocks and putting lots on the market for sale. As the village of Athens grows in age and importance, the question of a public park and recreation ground will be forced more prominently on the citizens, and as there is now a first-class half-mile track on the property, which cost hundreds of dollars, and as the site is admirably fitted for a public park, it is too bad that the public-spirited citizens could not devise some means to secure the property and hold it for a few years until Athens became educated up to the need of having the property thrown open to the public, and we believe the majority of the ratepayers would, if the matter were placed properly before them, be willing to provide the funds for the purchase of the property.

Miss C. M. Sexton has returned to Athens and, with capable assistants, is busily preparing for her millinery opening, which will be held on Wednesday April 6th, and following days. The latest shapes and newest materials and colorings, artistically combined, will characterize the whole display, which the ladies should not fail to inspect. Rooms at the store of Mr. T. Vanaman.

Our former townsman, Mr. J. R. Landers, has attained well deserved prominence in the monetary, commercial, and civic institutions of the city of Anthony, Kansas. Some time ago we referred to the extent of his business interests in the city, and the following paragraph, clipped from the Republican of March 18th, will give an idea of his ranching operations.

G. R. Landers has bought 4,500 three and four-year-old steers in Texas and will drive them through to his ranch in this country during the summer. With the steers he has wintered in this country, he will have over 6,000 three and four-year-old steers for the market this year which represents an investment of over \$200,000.

Shifting the Responsibility. "It has been proved by half a dozen witnesses that the police magistrate, 'that you are selling bread under weight. Have you any explanation to offer?' 'No, your honor,' replied the honest baker, looking the magistrate fearfully in the eye, 'but my conscience won't let me sell it to the people in greater quantities than I can help.'—Chicago Tribune.

There are 110 mountains in Colorado whose peaks are over 10,000 feet above the ocean level. Forty of these are higher than 14,000 feet, and more than half of that number are so remote and rugged that no one has dared to attempt to climb them.

INTENTIONS OF GREAT BRITAIN

A New Departure in the Chinese Question Mooted.

IS SHE GRABBING TERRITORY? Mr. Gladstone is Happy Awaiting for the Coming of the Grim Monster—Russia Has Resolved Her Policy as to East Asia—China—The Russian Flag Hoisted.

London, March 20.—In the House of Commons yesterday Mr. A. J. Balfour, First Lord of the Treasury, applying to Sir William Harcourt, the Liberal leader in the House, promised a Ministerial statement on the situation in the far East before Easter.

The Globe (Con.) says the progress of affairs in the far East is becoming increasingly serious. It is reported, however, that the Government has secured some tangible advantages, but will not set in among the disputes until the situation is more clear. The British position is the apparent diplomatic defeat of Great Britain marks a new departure in the Chinese question, which will give Great Britain a favorable position.

Britain's Intentions. A statement has been obtained in a competent quarter respecting British intentions in China, in view of the naval blockade of the coast. It is stated that Great Britain is to obtain equal advantages with the assistance of equal adequate compensation in her own interests. This explains the British naval activity at Hongkong and elsewhere. Therefore, a movement on the part of Great Britain may be anticipated in the future.

The Daily Chronicle says this morning it has reason to believe that an area of 10,000 square miles in the Province of Szechwan, which has been conceded by China to a syndicate of English capitalists. If this be true, says the Daily Chronicle, it is obvious that Lord Salisbury has approved the scheme.

THE RUSSIAN FLAG HOISTED. The Chinese Withdraw from Port Arthur and Tsingtau After a Week's Resistance. Peking, March 20.—The Chinese garrisons were withdrawn yesterday from Port Arthur and Tsingtau. The Russians landed, and the Russian flag was hoisted both places.

Where England Stands. London, March 20.—The Daily News says it understands that after Friday's Cabinet Council orders were despatched to the British fleet in the Chinese waters, a view of strengthening the diplomatic position of Great Britain was taken by the British Minister in China.

The Peking correspondent of the Daily Telegraph says: "Sir Claude Macdonald has advised China to refuse to lease Port Arthur, as it is unnecessary since Tsingtau and Weihaiwei have been conceded, but China replied that she is powerless to resist the Russian demands."

The Times, commenting editorially on the extremely serious situation in the far East, where it assumes the British fleet will now resume the attitude in the Gulf of Pechili which should never have been abandoned, says: "England at the present moment possesses practically no naval power in the Pacific Ocean. Neither a Prime Minister nor a Foreign Minister, Mr. Arthur Balfour would make a capital Foreign Minister, if appointed permanently; but he cannot be spared from the leadership of the House of Commons." It is, therefore, probable that Mr. Salisbury will long devote the Foreign Secretaryship upon one of his colleagues.

DEATHS HAS NO TERRORS. Mr. Gladstone is Not Afraid of the Grim Monster—He is Happy.

London, March 20.—The Westminster Gazette yesterday, referring to the health of Mr. Gladstone, says: "He is not afraid of the Grim Monster, he is happy."

It is no news, we fear, to say that Mr. Gladstone's health is not what it used to be. He is in a comparatively short time. Mr. Gladstone is fully informed as to his own condition. He asked the doctors to tell him the truth, and he was thankful when informed that he had no chance of recovery.

His state of mind is one of complete happiness. His life goes on quietly and evenly. He is his chief solace. It is a happy state of mind.

The death of a black Pomeranian pet, which for nine years had been a constant companion of Mr. Gladstone, has been an additional pang to the whole family. When Mr. Gladstone went to Cannes, the pet was left with the dogs, but he pined, would not eat and was returned to Harwarden the day Mr. Gladstone returned, and he died on Friday.

WHEAT FIRMER. This Was Because of Generally Improved Conditions Toronto and Montreal Live Stock Markets Prices.

London Evening Standard, March 20.—Wheat opened weak in Chicago this morning, but later rallied up and closed at a premium Saturday. The market advanced in New York in July, 1937, and in September, 1937, and in October, 1937. The improvement was due to the big decrease in the stock of wheat in the South and especially in the West. The quantity of corn available for Europe is estimated to be 1,300,000 bushels, and 1,300,000 bushels for the past week, as against 1,200,000 bushels for the corresponding week of last year.

The decrease in the wheat visible is 1,350,000 bushels for the past week, as against 1,200,000 bushels for the corresponding week of last year. The quantity of corn available for Europe is estimated to be 1,300,000 bushels, and 1,300,000 bushels for the past week, as against 1,200,000 bushels for the corresponding week of last year.

Below is a statement showing the visible supply of grain in Canada and the United States today. The figures are in bushels.
