

SATCHEL OF THE SATELLITE

Most men just now are interested in the price of straw.

The Americans are in no hurry for peace. There are too many of them making a piece out of the war.

Mayor Sullivan suggests that the Council attend church. I am waiting to hear what the aldermen say.

Thanks to the cut rate war in meat, we are once more able to see that delectable food on our dinner table.

Say, talking about stories, don't forget to read the thrilling serial which opens in the Saturday Planet. Take my word for it—it's a corker.

It might be a good idea if the board of works would harvest their burdock crop on Head Street. They might possibly sell the yield to the makers of Burdock Blood Bitters.

Judge Bell pointed out clearly to the Grand Jury that their duty was to decide whether there was sufficient evidence to warrant a prisoner being sent for trial, not to decide as to guilt or innocence.

The 24th Regiment Band, the best there is, will play sweet music in the park to-night. Come and bring your girl. If you haven't got one, bring somebody.

The irreverence of the western United States papers is becoming intolerable. The Chicago Record-Herald has the bad taste to make the following atrocious comparison: "With Kitchener at the Coronation it will be like an Uncle Tom show with two Topesies."

It has been the general custom that the owner pounded the man whom he found taking his cattle to pound. They do things different in the Gore of Camden. There the neighbor, not satisfied with impounding the cattle, thumped the owner in addition. It cost the fellow over \$30, so I don't think the Camden method will ever become popular.

The Chicago Journal says: "The duty of peace in South Africa will throw a good many sympathetic gentlemen in this vicinity upon the county. The business of collecting money for the suffering Boers was a good one, however, while it lasted." They may now devote their sympathies and energies to collecting for the suffering Filipinos.

A couple of Chatham sports were on a fishing excursion a few days since, and in passing a Dover farmhouse they yelled to the farmer's daughter: "Hay there! have you any milk?" The reply was gently waited back to their ears, "Yes, but we keep it for our own calves." The boys calculated that they had business away, and they went.

The sidewalk on the west side of Victoria Avenue, from Head Street to Kirk Street, is a disgrace to civilization. Any village can show a piece of walk on its principal residential street that would make the Victoria Avenue sidewalk look like a corduroy road. I saw an elderly lady trip on one of the loose planks and get a nasty fall the other morning. The city had better watch out or they will be up against a bill for damages.

SEEDS.
Nelson Stringer gives The Planet

A Sick Liver

Can work havoc with human happiness. It can change the cheerful philanthropist into a morose misanthrope and the optimist into a pronounced pessimist. The liver has a great deal to do with the removal of the waste of the body.

When it is sluggish in its action the whole body must suffer by reason of clogging accumulations.

The excretory organs in general promptly respond to the action of Dr. Pierce's Golden Medical Discovery. It restores the liver to healthy activity, purifies the blood, and cures diseases of the organs of digestion and nutrition.

Edward Jacobs, of Martineau, Crawford Co., Indiana, writes: "After three years of suffering with liver trouble and malaria I gave up all hopes of ever getting stout again, and the last chance was to try your medicine. I had tried all the home doctors and received but little relief. After taking three bottles of Dr. Pierce's Golden Medical Discovery and one trial of his Pleasant Pellets, I am stout and hearty. It is due entirely to your wonderful medicine."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore, accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery." They are easy to take, agree with the weakest constitution, and do not beget the pill habit.

The following quotations:—
The seed season is really over. The late rains will help the growth. The old fields are pretty badly killed, but the new ones are all right.

Red Clover, \$4 to \$4.50.
Alsike, \$3.50 to \$3.50.
Timothy, \$2 to \$3.
Alfalfa, \$8 to \$8.50.
Millet, 70c.
Seed Corn, 60c.

WOOL AND HIDES.
Nelson Stringer states that the hide market is quiet, at lower prices. There were good deliveries of wool last Saturday, but not much has been coming in this week. The prices remain about the same.

Hide market is a trifle firmer.

ANCIENT ORDER UNITED WORKMEN.

The Order was founded by a few earnest, honest men, for fraternal and beneficial purposes. Its sphere of usefulness has been enlarged, and it has been faithfully conducted as its founders designed it to be—not to subvert the selfish interests of a few, but for the mutual benefit of all. Brothers, remember the fraternal obligation brings a man to think of others, then let us continue bringing in applications.

Visiting brethren always welcome.
