The Fisheries. The Freeman of Tuesday last made The Freeman of Tuesday last made another attempt to weaken the force of our previous articles on the Fisheries, and to persuade its readers that ies, and to persuade its readers that no injustice has been done to the The Bishop of Fredcricton Maritime Provinces, but unwittingly corroborated our statement, and made our case stronger. We showed by extracts from the Commissioner's last Report that the fisheries of the Maritime Provinces yielded \$8,424,129, while those of Ontario and Quebec yielded only \$2,998.370. We also showed that to protect these small fisheries the enormous sum of \$44,153 was paid to 208 officers, while to protect the larger and more important fisheries of the Maritime Provinces only \$28,269 was paid to 391 officers. That is, our fisheries, which yielded eight and a half millions of dollars, got for their protection but little more than half the sum that was paid for protecting the Ontario and Quebec fisheries which yielded only three millions of dollars. In reply to this the Freeman says that "the money is spent only in the protection of the shore and river fisheries; that Overseers and Wardens can do little ornothing for the deep sea fisheries." This makes out our case precisely. The shore and river fisheries of Quebec are much less extensive than those of Nova Schand New Brunswick, and if the Freeman's reasoning is corect, a much smaller sum is needed to rotect them; but we find that New Brunswick and Nova Scotia combined got but \$26,295 for protection, while Quebec, which, according to the Freeman, needed it less, got \$29,968.

Freeman, needed it less, got \$29,968.

In our forcer article we said:

We find that during the fiscal year ended 30th June, 1877, there was expended for fish-breeding the sum of \$24,037. Of this Ontario and Quebec got no less than \$18,844, while Nova Scotia, New Bruns-18,844, while Nova Scotia, New Bruns-1 Purity explain to us why these things are clamation declaring non-intercours-thus; will they enlighten us as to the fair-ness of devoting three-fourths of this with the Grand Lodge of Scotland, ie ness of devoting three-fourths of this with the Grand Lodge of Scotland, ie ness of devoting three-fourths of this with the Grand Lodge and members.
