An Election

Owing to the appointment of Mr. M. Adams to a seat in the Senate the representation of Northumberland in the Dominion Parliament is now vacant, and it rests with the electors whether or no a government supporter should be elected to fill the vacancy.

A Liberal Conservative Government has been in power for many years and there is no doubting the fact that the country has progressed rapidly during those years. Complaint is made that times are hard and money scarce, but such has been the case nearly everywhere, and the wave of depression which for three years past swept over the world has comparatively been but lightly felt in the Dominion of Canada. And this is in a great measure owing to the policy of the government for the last sixteen years, a policy which has enabled the Dominion to remain independent of foreign manufactures ever before.

Then vote to send to Ottawa a representative of the Government who will assist in legislation for the general good and not an opponent who will oppose every measure from the Government side of the house. Your interests require you to send a supporter of the Government and hence when the candidate is announced work for him and there will be no doubt of his election.

We regret not to be able to announce the name of the candidate in the Liberal Conservative interest, but such will be immediately announced as on Thursday evening a convention will be held in Chatham for the purpose of selecting a candidate to run in the interest of the Liberal Conservative Party.

There should be no difficulty in the selection of a suitable candidate, one who is a thorough party man, with sufficient ability to take a prominent position as Northumberland's representative. With such a man in the field, a man whom the party respect as well as support, their victory is assured.

Up to yesterday morning there is no official information of the issuing of the writ for the election, although private advice state that nomination is to take place on Thursday, the 30th January, polling on Thursday, February 6th.

No Vacancy.

The report current for some time past that there were several applications for the position of County Court Judge for the Northern District is apparently untrue.

It seems to us to be a mean piece of business to apply for an office occupied by a gentleman quite capable of performing his not very onerous duties, whose health is not complained of. There is little probability of the government just at the present time superannuating His Honor Judge Wilkinson, simply because there is but little probability of his consenting to such a step, and without his consent superannuation is impossible. The following speech was sent to the St. John Globe on Wednesday last which authoritatively states in what condition Judge's health is just at the present time—

Newcastle, Jan. 15.—In your editorial of yesterday concerning Judge Wilkinson you say that Judge Wilkinson's health has been in poor health. I am in a position to state that His Honor was never in better health than at present and never better able to discharge the duties of his office.

J. P. BERNHILL.

At the meeting of prominent Liberal Conservatives held in Newcastle on Tuesday last week the matter was brought up by Hon. Mr. Tweedie, whose opinion was that if there was to be a vacancy it should be filled from the legal ranks in one of the three Northern Counties and not be given to an outsider, and he recommended that a strong telegram be sent to the Government at Ottawa on this matter. The following dispatch was then drawn up and ordered to be telegraphed to the Government at Ottawa—

At a meeting of the Liberal Conservative Association of Northumberland, held today, it was resolved that a nomination convention be held at Chatham, on the 22nd inst., for the purpose of selecting a candidate. Everything looks very favorable for the election of government supporter unless certain rumors, now affray, are correct, viz: the superannuation of Judge Quigley or Mr. McInerney. The meeting by unanimous resolution directed as, as chairman and secretary, to wire you that if any such appointments were made it would be very disastrous to the party, not only in this county but also in Redoubt and Gloucester counties, and the Conservative party here strongly protest against any such appointment.

JOHN CLARK, Chairman.
D. MORRISON, Secretary.

It was telegraphed to Sir Mackenzie Bowell, Hon. Geo. R. Foster and Hon. John Costigan.

The New Ballot.

The following is a fac-simile of the ballot to be used at the approaching election. It is a very great improvement upon the former ballot in being less liable to have mistakes made in marking the ballot for the candidate preferred.

Name of Liberal Conservative Candidate.

Liberal Conservative Meeting.

The meeting of Liberal Conservatives called for Monday evening in the former club room was well attended, the room being packed to the door as well as outside. In the absence of Mr. John Clark, President of the Liberal Conservative Club, Mr. Donald Morrison acted as secretary.

The Chairman explained the object of the meeting, and after remarks by Mr. C. S. Ramsay and others a committee of three was appointed to nominate delegates from Newcastle Parish to attend the convention to be held in Chatham on Thursday. The committee consisted of Messrs W. A. Hickson, Donald Morrison and John Dalton. The committee brought in a report which was received, the names of delegates being taken up one by one and appointed as follows—

Electoral District No. 1.—W. C. Anslow, Daniel Hogan, Substituted, C. S. Ramsay. Electoral District No. 2.—W. A. Hickson, John Dalton. Electoral District No. 3.—John Clark, E. Hickey, Substituted, Donald Morrison. Electoral District No. 4.—R. Hutchison, D. Doyle, Substituted Joseph McKnight, High Lamont. Electoral District No. 5.—George Clark, Wm. Innis, Jr., Substituted, John Sullivan. It was then moved, seconded, and carried that a meeting be held in the same place on Tuesday evening at 8 o'clock for the purpose of taking into consideration the advisability of reconstituting the Liberal Conservative Club of Newcastle. The meeting then adjourned.

Wants The Earth.

Mr. D. G. Smith, having been appointed Fisheries Commissioner by the local government, at a salary of \$800 and all the extras he can draw, has returned from Fredericton more bumptious than ever. Read this as a specimen item of his unlimited cheek and conceit—

Fishery Commissioner.—Mr. D. G. Smith of Chatham has been appointed Fisheries Commissioner for the Province, in place of the late J. Henry Phair, of Fredericton, deceased.

"Mr. Smith is a practical angler and sportsman, well acquainted with the woods and waters of the province, has extensive knowledge of its Crown Lands, and with the fisheries are connected, and is well informed as to the fishery laws, both local and Dominion. He is, therefore, well equipped for the performance of his official duties."

After perusing this modest statement of his wonderful knowledge he concludes to poke his nose to the Advocate's news affairs again by circulating the statement that arrangements had been made to publish a series of letters on the subject of the Hawaiian Islands by Mr. Musick. We have thought it worth while to answer at the Advocate's notice because the party respect as well as support, their victory is assured.

Up to yesterday morning there is no official information of the issuing of the writ for the election, although private advice state that nomination is to take place on Thursday, the 30th January, polling on Thursday, February 6th.

WHAT ARE WE COMING TO?

Newcastle, 20th Jan., 1896. Editor Union Advocate. Sir:—Above is the question which a large number of the Conservative party would like to have answered by you, an authority among us. The reason which makes it necessary to ask the query is the exceedingly low state to which we must have come, when it becomes necessary to have such names mentioned as desirable candidates as have of late appeared in a Chatham local paper. When we look back to the times of such men as John Ambrose Street, (son of Kerr, John M. Johnston, Edward Williston and also the standard bearer of the Liberal party, Hon. Peter Mitchell, and compare them with those who would like to be called the representatives of our party today we may well ask "what are we coming to?" It is high time for us as a party to try and select a candidate who, when elected to represent us at Ottawa, will be found able and willing to fight our battles on the floor of the House where we would want him, and not be merely a shining light at the bar, or some other part of the House of Commons, where he can never be seen. Are these the men we want? I say, No. If better men than these suggest themselves to you, I would be better to send the old War Horse back to the stable where he is in position, our interests will be better served.

A Conservative.

Detected in Selling a Pink Pills. Which He Represented to Be Dr. Williams' Pink Pills.—The Court Grants a Perpetual Injunction Restraining Him From Offering an Imitation of This Great Medicine—Some Facts of the Public Will Do Well to Bear in Mind.

—Thursday morning was one of the coldest of the season, some thermometers ranging lower than 20° below zero. A fine bright morning, with afternoon dull. Snowing in the evening.

—Moon's last quarter to-day, 22nd. —Day's length to-day from sunrise to sunset nine hours and thirty-one minutes.

—Friday and Saturday were beautiful days, with low temperature in the early morning, but at midday like days in April.

Business reading notes inserted in this column at ten cents per line. —Everybody that owned a horse, or could hire or borrow a team were out driving on Friday and Saturday.

—Sunday was dull with cool wind. —Rev. Geo. Steele preached in the Methodist Church Sunday morning. Rev. James Crisp occupying his pulpit in Chatham.

—Rev. Mr. Thomson, of Bathurst, occupied the pulpit of St. James' Church morning and evening of Sunday last. Rev. Mr. Aitken preaching in Bathurst.

—Don't buy Cheap Cut Smoking Tobacco when you can get the genuine TONKA offered, and his Lordship gave an order for judgment restraining McGahey from continuing to vend the article as Dr. Williams' Pink Pills for Pale People.

The above paragraph, taken from the legal columns of the Toronto Globe of the 15th inst., contains a warning which every person in Canada in need of a medicine will do well to heed, and shows the care and pains the Dr. Williams' Medicine Company takes to protect the public from imposition, and to preserve the reputation of their famous Pink Pills.

It is only a medicine that possesses more than usual merit that is worth imitation. Ordinary medicines are not subjected to that kind of treatment, as there is not sufficient demand for such medicine to make it worth while.

Dr. Williams' Pink Pills for Pale People have achieved a reputation for sterling merit unparalleled in the history of medical science. In every part of the Dominion the remarkable cures wrought by the use of this great medicine have given it a name and a fame which has made the sale of Pink Pills simply wonderful.

It is because of this great merit, and the consequent enormous demand for the medicine, that it is being imitated by unscrupulous persons in various parts of the country. The imitation is cheap, and is sold in a wrapper or label which bears the full trade mark, "Dr. Williams' Pink Pills for Pale People," and no one can buy them in any other form, not even if they offer many times their weight in gold for them. And yet in the face of this continuous warning there are people confiding enough to permit some unscrupulous dealer to convince them that he can supply them with the genuine Pink Pills in loose form by the ounce or hundred, or ounce, or in some other kind of a box. Any one who pretends to be able to do this is telling an untruth. Bear this in mind and refuse all pills that do not bear the full trade mark, no matter if they are colored pink, and no matter what the dealer says.

Please bear in mind also that the formula from which Dr. Williams' Pink Pills is compounded is a secret known only to the company, and any one who claims he can supply you with some "hot pill" just as good as the genuine is misrepresenting, for he does not know the ingredients of the genuine Pink Pills, and is only trying to tell you some other pill, because he makes more money on his sale.

The Dr. Williams' Medicine Company is desirous to spare no expense in protecting, both the public and themselves, against these unscrupulous imitations, and will always be thankful to receive information concerning any one who offers to sell an imitation Pink Pills purporting to be Dr. Williams' Pink Pills or the same as the genuine Pink Pills. Such cases will be investigated by the company's detective and a legal action will be promptly taken. Ask for Dr. Williams' Pink Pills for Pale People and take nothing else. They cure when all other medicines fail.

Dominion Parliament.

(Continued from first page.)

Mr. Mulock.—And therefore to make it more incomplete.

Sir Adolphe Caron—I think the hon. gentleman will permit me to continue the statement. (Cries of "Oh, certainly.") Since the receipt of the resignations referred to, the objections put forward by the ministers who resigned have been removed by the acceptance of a seat in the cabinet by the Hon. Mr. Desjardins, a gentleman well known and highly esteemed in the province of Quebec for his ability and integrity of character, and by the accession to the ministry of Sir Charles Tupper, bart. (Ministerial cheers.) Under these circumstances and with these objections removed the ministers who resigned have deemed it consistent with their duty to their country to resume the posts they respectively held in the government. (Ironical opposition laughter.)

It is gratifying, therefore, to be able to inform the house and the country that the resignation of Mr. Desjardins, and the resignation of Sir Charles Tupper, bart. is now a fact. The government as reconstructed is as follows—

President of the council—Sir Charles Tupper, bart.

Secretary of state—Sir Charles Tupper, bart.

Postmaster general—Sir Adolphe Caron.

Minister of marine and fisheries—Hon. John Costigan.

Minister of finance—Hon. George E. Foster.

Minister of railways and canals—Hon. John G. Hazen.

Minister of public works—Hon. J. A. O'Brien.

Minister of the interior—Hon. T. Mayne Daly.

Minister of trade and commerce—Hon. W. B. Ives.

Minister of justice—Hon. A. R. Dickey.

Minister of agriculture—Hon. W. H. Montague.

Minister of militia and defense—Hon. Alphonse Desjardins.

Without portfolio—Hon. Frank Smith.

Controller of customs—Hon. John Wood.

Controller of inland revenue—Hon. E. G. Prior.

Cries of "And solicitor general?"

Sir Adolphe Caron—There is no solicitor general at present. This is the statement I have the honor to lay before the house. I move that this house do now adjourn.

Hon. Mr. Laurier arose amid opposition cheers to express his opinion upon the situation. He held that the six ministers who returned to the fold were wholly innocent of the position which they had now taken. He doubted whether the premier could still command the confidence of his colleagues. The country was convinced that the government was composed of a band of plotters, "cheaters, and conspirators, whose only object was their
