

M'ANDREW CONTROLLER.

This is the Latest Talk in Municipal Circles.

City Clerk Reports on Re-Division of the City.

Financial Statement of Various Civil Departments.

If all the hot weather election rumors floating around the City Hall these days are true there will be almost as many candidates for the Board of Control as aldermen in the field at the next municipal election.

The Finance Committee this afternoon must make its choice of re-dividing the city into four wards, with three aldermen from each or submitting a by-law to the people in January providing for the reduction of the number of aldermen.

Ward 1—Bound on the north by Cannon street, on the east and south by the city limits, and on the west by Catharine street; assessment \$7,651,635; population 15,247.

Ward 2—Bound on the north by King street, on the east by Catharine street, and on the south and west by the city limits; assessment \$11,448,160; population 13,863.

Ward 3—Bound on the north by Hamilton Bay, on the east by Catharine street, on the south by King street, and on the west by the city limits; assessment \$12,289,255; population 20,796.

Ward 4—Bound on the north by Hamilton Bay, on the east by the city limits, on the south by Barton street, and on the west by Sherman avenue, and by Cannon street, from Sherman avenue to Catharine street, on the west by Catharine street; assessment \$5,750,332; population 14,161.

Ward 1—Bound on the north by Cannon street, on the east and south by city limits, on the west by Hughson street; assessment \$10,610,833; population 17,910.

Ward 2—Bound on the north by King street, on the east by Hughson street, on the south and west by city limits; assessment \$9,650,670; population 12,258.

Ward 3—Bound on the north by Hamilton Bay, on the east by Hughson street, on the south by King street, and on the west by the city limits. Assessment \$10,294,055; population 16,498.

Ward 4—Bound on the north by Hamilton Bay, on the east by the city limits, on the south by Barton street, from eastern city limits to Sherman avenue and Cannon street, from Sherman avenue to Hughson street, on the west by Hughson street. Assessment \$6,589,852; population 17,401.

The second division is more equal as regard assessment and population than the first at the present time, but having in view the fact that the portion of the city which comprises proposed Ward No. 3, in the first division, is very largely built up, there will be little opportunity for any large increase. The same will apply largely, though not to the same extent, to the proposed Ward No. 2 in the first division. Proposed Wards 1 and 4 contain a large amount of vacant property, and both the assessment and population will, in consequence, greatly increase. Having in view the future growth and requirements of the city, I would favor the division into wards as laid out in the first division," says Mr. Kent.

It is pointed out that in the division suggested it would not be necessary in the event of the city annexing a slice of Barton Township to make another (Continued on Page 10.)

KING EDWARD

Speaks of Supreme Importance of Technical Instruction.

Opened Imperial College of Science and Technology.

London, July 8.—While laying the foundation stone of the new buildings of the Imperial College of Science and Technology at South Kensington to-day, King Edward gave a helping hand to the campaign in favor of higher scientific education, to the lack of which most public speakers here are in the habit of attributing England's loss of ground in her industrial race with America and Germany.

Safety Deposit Boxes To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables. TRADERS BANK OF CANADA.

SAME OLD BALLOON

Nothing Wonderful About One Seen Tuesday Night

Somehow or other the facts will not jibe with the airship theory which some credulous people are trying to make a sensation out of around this part of the country.

On Tuesday evening about 8.30 a square built hot air balloon went up from the city, travelled easterly and southerly and was so close to the mountain at the head of Wentworth street that the people there could see almost every detail of its construction.

But the aerial wonder maker is spreading airship specials abroad again.

DROWNED AT BRANTFORD.

Boy Who Resided Near This City Lost His Life.

Brantford, Ont., July 8.—(Special.)—Jack Miller, a 12-year-old boy, whose parents reside near Hamilton, and who was visiting with his aunt, Mrs. Alex. Green, 7 Balfour street, here, was drowned this morning in the Grand River, at the foot of Eagle avenue.

He went in bathing above the rapids, and, being unable to swim, was carried down several hundred yards into a deep hole, where his body was recovered an hour later by the life-saving crew of the fire department.

Miller's parents live about four miles from this city on the Ancaster road. A telegram was forwarded to them this morning. The body of the deceased will be brought home for burial.

HAPPY UNION.

Marriage of John Wesley Horning and Miss Vedder.

A quiet wedding took place last night when Miss Ida Estelle Vedder was united in the holy bonds of matrimony to John Wesley Horning, at the residence of the bride's parents, 566 James street north. Rev. Hewitt performed the ceremony. Miss C. Burgin was the bridesmaid and Mr. V. Horning acted as best man. Miss Mina Askew was flower girl, and Mrs. Hugh Spence played the wedding march. The groom's gift to the bride was a subunit of pearls, to the bridesmaid a gold ring and to the best man a stick pin. The wedding breakfast was served on the lawn, after which the happy couple left for a trip to eastern points, and on their return they will reside at Mount Hamilton. The presents were numerous and beautiful and included a costly tea set from the employees of Ellis & Co.

WAS IT SUICIDE.

Windsor, July 8.—The police found an unidentified woman sitting on the Grand Trunk dock late last night. When she was taken to police headquarters she refused absolutely to talk or to give any information about herself. A note was found on her giving an Essex address and containing instructions as to the disposition of a body. It was signed, it referred to herself, and said that she intended to commit suicide.

INSPECTION TOUR.

Ottawa, July 8.—Mr. F. C. T. O'Hara, Deputy Minister of Trade and Commerce, left to-day for England on an inspection trip of the various Canadian trade offices across the Atlantic.

What Illinois Women Want.

In renewing its activities the Illinois Federation of Women has adopted this platform of things to be accomplished: A concerted fight against billboard advertising.

A movement to establish public comfort stations in the cities of Illinois.

An investigation of the treatment and care of dependent and delinquent girls in the State.

A State campaign for a sane fourth of July.

A movement to secure a woman physician in every public institution where there are women inmates.

A campaign to secure the pine woods of Ogle county as a State forest reserve.

A campaign for the passage of the eastern forest reserve bill, establishing a reserve in the Appalachian and White Mountains.

An effort to secure women's dormitories at the University of Illinois.

The galling gun was invented by a physician, whom the mortality attendant on a large medical practice did not

HERE IN INTEREST OF THE CANADIAN 1912 EXHIBITION.

Mr. Charles F. Roland, secretary of the projected Canadian Exposition and Selkirk Centennial, is in the city to-day, on his way back from Ottawa, where, with a deputation, he waited on Sir Wilfrid Laurier and the Dominion ministers in the interest of the movement. The project has been under discussion for the better part of a year now, and is taking definite shape. The intention of the promoters is to give a great world's exhibition at Winnipeg in 1912, the centennial of the entry of Lord Selkirk and the opening of the Selkirk region for settlement. It is to run about 15 weeks during the summer.

CHARLES F. ROLAND, Prominent Winnipeg man, who is here in the interest of the Selkirk Centennial.

The committee which has the matter in hand has already waited upon the governments of Manitoba, Saskatchewan, Alberta, British Columbia and Ontario, and has the assurance of hearty support. It is estimated

MADE RECORD THIS YEAR.

School Board Has Not Refused Salary Increase This Year.

M. H. O. Still Hopeful About Pure Milk Campaign.

Preparations to Install New Pumps at Beach.

How would you like to be employed by the Board of Education? It has not refused a solitary applicant for a salary increase this year. The other night the Internal Management Committee approved of a number of increases and last night the special Salary Committee made the following recommendations to the Board:

A. Bowman, caretaker Hess street school, from \$625 to \$650.

Henry Voelker, caretaker King Edward, \$525 to \$550.

F. A. Walters, caretaker Ryerson, from \$800 to \$900.

A. Clark, caretaker Wentworth, from \$800 to \$900.

Mrs. McKenzie, caretaker Stinson, from \$525 to \$550.

T. Gossell, caretaker Queen Victoria, from \$600 to \$650.

Miss Bennetto, principal of Pictou street school, from \$900 to \$1,000.

This increase was granted because the size of the school was increased from eight to sixteen rooms, and the practice of the city carrying the drains from the main sewer to the sidewalk and charging the cost to the owner of the property.

It is said that notwithstanding the notices sent out by the Board of Works warning property owners to make sewer connections before the new pavement on Barton street was laid, many failed to do so, and it is only a matter of a very short time before excavations will have to be made in the pavement.

Dr. Roberts quotes the following extracts from the report of the Veterinary Director General and Stock Commissioner, J. G. Rutherford, of Ottawa, in support of the campaign against dogs:

"The second point is that dogs are kept in Canada, as in many other countries, far too many useless mongrels, which are not only a constant and ready means of conveying the infection of rabies, as well as many other diseases both to man and animals, but constitute besides, a standing and a very real menace to one of our most lucrative agricultural industries, namely, the breeding and raising of sheep. There is little to be said against the well bred dog, or even the dog of plebeian origin, provided he is properly broken, handled and kept under control, but the practice of allowing dogs to run at large indiscriminately and unattended, especially at night, cannot be too strongly condemned. Those tender-hearted persons who have so much sympathy for dogs might, with advantage, bestow some consideration on the people and the other animals bitten by dogs rabid or simply vicious, and on the cruelly worried sheep and lambs of the long suffering farmer. (Continued on Page 8.)

Squabs, Squabs.

We are getting a regular supply of large, plump squabs and young ducks, spring chickens. Let us have your order as early as possible, as the supply is limited. We are selling all kinds of cherries at reasonable prices. Fruit jars, all sizes. We sell only Redpath's extra standard granulated sugar; special price in 100-lb. sacks.—Bain & Adams, 89-91 King east.

INJURED ON JOLLY CUT.

H. A. Culp, John street south, was wheeling down the Jolly Cut last evening when something went wrong with his bicycle and he was thrown. He was picked up unconscious and taken to the City Hospital, where it was discovered that he had suffered a rather severe scalp wound. After it had been dressed he was removed to his home.

Fine Briar Pipes in Cases.

A large assortment of fine briar pipes with genuine amber mouthpieces, in handsome cases, is shown at pace's pipe store. Make a selection from our large stock at the headquarters, 107 King street east.

Miss Mary Leys, of the Loretto academy, has obtained honors at the Toronto Conservatory of Music in intermediate grade harmony, counterpoint and form.

THE MAN IN OVERALLS

Now suppose that policeman had been chewing the rag instead of gum!

Wonderful man, Sir Wilfrid, running the whole Government of the country single handed while his mates are holidaying.

If you want to be in the swim, get a copy of Mr. Sheffield's book on swimming.

One way to get rid of the suffragettes, is to give them a vote.

The Victoria Order of Nurses must be one of Hamilton's popular institutions.

I would have been surprised had Constable Fuller neglected his duty. He is one of the reliable.

Still the death rate of the Fourth could be pulled down quite a bit without hurting anybody.

We are all still waiting for that affidavit the Herald has to get.

Say a good word for the Times when you get the chance.

T. J. Stewart might explain to those London aldermen just what the Hydro-electric power will cost them. He seems to be the only one who knows, or thinks he knows.

Some have the idea that it would be just as well to close the church while the pastor is away on his holidays.

I notice that the Gore Park fence is still doing duty. When is it coming down?

It's a long time between hand concerts. We used to have them twice a week when Johnnie Mason was Mayor.

Learn to keep your bedroom window open now, and you will likely keep it open in the winter as well.

John Patterson should be made to understand that his motormen must ring the gong when running their cars through Dundurn Park. Complaints are coming in about the carelessness of these men. Somebody will yet be killed if more care is not taken.

ALL QUIET.

Longshoremen Do Not Intend to Make Any Trouble.

The longshoremen who stopped work on Tuesday because the company would not grant them an increase in wages from 25 cents an hour to 35 cents, have caused no trouble at all, and no trouble is anticipated. The men asked for the increase and were refused, and they refused to work, but did not show any signs of making trouble.

The longshoremen at the time were loading the steamship Ames with fish plates, and, as the work is somewhat harder than ordinary, the men thought they were entitled to more pay. When they stopped others were secured, and the vessel was loaded, and left yesterday with a full cargo.

The company expresses its willingness to take the men back if they are willing to work for the regular wage of 25 cents an hour. The longshoremen this morning were hanging around the foot of John street, but were quiet, and did not intend to make any trouble.

The steamer Beaubien took on some freight from the dock at noon. The loading was done by the men in the shipping department.

Fine Briar Pipes in Cases.

A large assortment of fine briar pipes with genuine amber mouthpieces, in handsome cases, is shown at pace's pipe store. Make a selection from our large stock at the headquarters, 107 King street east.

Miss Mary Leys, of the Loretto academy, has obtained honors at the Toronto Conservatory of Music in intermediate grade harmony, counterpoint and form.

that the exhibition will cost \$5,000,000. The promoters expect to raise half that amount by private subscriptions and guarantees, and the appropriations or other assistance from the various Provincial Parliaments, and is making application to the Dominion Parliament for the other half of the amount required.

A number of States of the union have already promised to enter heartily into the project and the promoters also have in mind the bringing together of Canada East and Canada West at the exhibition, at which the manufacturers and the natural products of Canada will be shown to the world in a way such as never before attempted, if the plans under way are successfully carried out.

Mr. Roland is quite at home in this part of the Dominion. He is an Ontario man, a native of the Niagara district, who went west years ago and has prospered with the country.

DOUBLED THE FINE ON HIM.

Hugh Hayes Said He Gave the Ice Cream Away

And Magistrate Said He Was Trying to Hoodwink Court.

Goldberg Sent to Jail For Nine-Month Sentence.

Last week Hugh Hayes, proprietor of the Dundurn Park refreshment booth, appeared before Magistrate Jeffs at the Police Court, charged with selling ice cream on the Lord's Day. He pleaded guilty and was fined \$20. In order to meet the demands of Sunday visitors Hayes thought out the idea to sell a lunch and give the ice cream away with it. Last Sunday several of Hamilton's industrious policemen called at the refreshment booth and were served with lunch in the form of cakes, with ice cream as a premium. As a consequence Hayes was served with a summons yesterday charging him with again breaking the Lord's Day Act. The case was tried this morning, and Hayes pleaded not guilty. A witness by the name of Fluck was put on the stand, but when Sergeant Finch handed him the Bible to take his oath, he was asked to hold up his hand and swear that way. He said that he was in Dundurn Park on Sunday in company with his son and a friend from the other side, and as they had nothing to eat since the night before, they went into the refreshment booth for breakfast.

"What were you served with?" asked Crown Attorney Washington.

"Cakes and ice cream," replied the witness.

Constables Cameron and Smith had visited the booth on the day in question, and saw people being served with cakes and ice cream.

"Was anything served that one could make a substantial meal off?" asked he Crown.

"We did not see anything being cooked, and the tables were not laid with plates and silverware."

In the stand the defendant said that he did not serve any person with ice cream on Sunday unless they ordered a lunch.

"Well, you are selling the ice cream just the same," queried the Magistrate.

"No, I am giving the ice cream away with the cakes," answered Hayes.

"How do you work that?"

"Well, I simply charge them for the cakes and give them the ice cream for nothing."

"Oh, I see. You are selling the stuff for the same price as you did before, but instead of charging for the ice cream you put the whole tax on the cakes. You are charging more for the cakes now than you did before, aren't you?"

"Yes."

"I am surprised that a man of your intelligence would try to hoodwink this court in that manner."

"I am not trying to hoodwink the court, but I thought a man could give away ice cream if he wanted to."

"Well, you'll wake up and think differently when you leave this court room," prophesied the Magistrate.

A. M. Lewis, counsel for the defence, began an argument as to why his client should not be fined, but the Magistrate told him he was only wasting time.

"I hold," said the Magistrate, "and always will hold, until the High Court (Continued on Page 10.)"

COWAN-FARQUHARSON.

The marriage took place at Fort William, Ont., on Saturday last of Mr. John Cowan, of Toronto, and Miss Jessie Gray Farquharson, daughter of the late Mr. A. G. Farquharson, of this city. The ceremony was performed by Rev. W. H. Rowland, B. A., in St. Andrew's Presbyterian Church.

When You Go Camping

Take Parke's Lemonade Powder with you. It is the most convenient form to have your lemonade in. A delicious glass of lemonade can be quickly made from it. We also have an orangeade in the same form. Sold at 50c each or 2 for 25c. Parke & Parke, druggists.

INJUNCTION.

Argument on the Power Case Going on To-day.

Toronto, July 8.—(Special.)—Argument on the motion made by Geo. S. Kerr, K. C., to continue the injunction restraining the City of Hamilton from entering into a contract with the Hydro-Electric Commission because it already has a contract for power with the Cataract Power Company, and for other reasons, was begun this morning at Osgoode Hall at time of adjournment.

Mr. Kerr explained that the injunction was applied for by R. S. Morris, a stock broker, on two grounds; because it would make two inconsistent contracts, the old contract with the Cataract Power Company and a contract with the commission; and because there was a scrutiny of the ballots cast in the Hydro plebiscite in progress.

The argument lasted all morning, and Judge Tetzlervel reserved decision until this afternoon.

Mr. Kerr's application is to continue the injunction until September.

A RAISING.

Hamilton People at a Successful Event at Haysland.

A successful barn raising took place at the home of Mr. Thomas Nickel, Haysland, a few days ago. About 100 guests assembled, and after the work had been completed a fine programme of games, followed by music and a dance, was enjoyed by all. Supper was served by the ladies. S. Wilson, of this city, and E. Dowling were the winners at quoits. N. Markle, East Flamboro, and H. Reid, Millgrove, provided the music, and L. Nickel had charge of the dance. Among the guests were Mr. and Mrs. S. Wilson and son, Ralph, and Mr. Harold Bradford, of this city.

RESERVED BID NOT REACHED.

Only One Bid For Grimsby Park—Private Sale Ordered.

The auction sale of Grimsby Park property was held by Judge Monck in his chambers yesterday afternoon. The only bid was made Mr. J. W. Vanduyke to the amount of \$30,000, but as this was away below the reserved bid, the Local Master directed that the property be sold by private sale.

The valuation of the total assets of the property was \$149,000, in addition to the park there are forty acres of fruit land, all set out with fruit trees and under splendid cultivation, which is valued at \$1,000 an acre. The reserved bid, of course, was considerably less than the valuation. There is a mortgage of \$40,000 on the property and an indebtedness apart from the mortgage amounting to \$6,000.

The total area of the park is a little over 80 acres, there are two hotel with contents, store, restaurant, stables, electric light plant, waterworks system, wharf, boat houses and boats and a number of cottages; also a church and a large tabernacle belonging to the park.

It is the hope of the liquidators to sell the property to some one who will use it as a park. There are still 180 cottage holders who are very much in favor of the property being used as a pleasure resort. The company has no right to interfere with these holders so long as they pay their rent.

This season, however, the company has not opened the hotels and the park is not being run as in previous years.

Immediately after the sale the cottage holders held a meeting with view of trying to raise the necessary funds to re-organize the park entirely.

"What were you served with?" asked Crown Attorney Washington.

"Cakes and ice cream," replied the witness.

Constables Cameron and Smith had visited the booth on the day in question, and saw people being served with cakes and ice cream.

"Was anything served that one could make a substantial meal off?" asked he Crown.

"We did not see anything being cooked, and the tables were not laid with plates and silverware."

In the stand the defendant said that he did not serve any person with ice cream on Sunday unless they ordered a lunch.

"Well, you are selling the ice cream just the same," queried the Magistrate.

"No, I am giving the ice cream away with the cakes," answered Hayes.

"How do you work that?"

"Well, I simply charge them for the cakes and give them the ice cream for nothing."

"Oh, I see. You are selling the stuff for the same price as you did before, but instead of charging for the ice cream you put the whole tax on the cakes. You are charging more for the cakes now than you did before, aren't you?"

"Yes."

"I am surprised that a man of your intelligence would try to hoodwink this court in that manner."

"I am not trying to hoodwink the court, but I thought a man could give away ice cream if he wanted to."

"Well, you'll wake up and think differently when you leave this court room," prophesied the Magistrate.

A. M. Lewis, counsel for the defence, began an argument as to why his client should not be fined, but the Magistrate told him he was only wasting time.

GOES AFTER THE BOARD.

Dr. Roberts Says Hospital People Are "Fourflushing."

Scheme to Make Southam Home Isolation Hospital

And Build Home For Consumptives on New Site.

The letter written by Chairman Billings, of the Hospital Board, to Mayor McLaren the other day calling his worship's attention to the crowded condition of the fever hospital, a condition which he declared had existed for two years, because the Council had not taken action, promises to stir up a merry little tempest at the next meeting of the Board of Health. The health authorities are quite wrathful, and Dr. Roberts, Medical Health Officer, this morning used the term "fourflushing," referring to the action of the hospital people. He promised to hit out straight from the shoulder at the Board of Health meeting on Tuesday night. "I am determined," he said, "that the people shall know once and for all just how things stand, and I will say so on Tuesday night so that there will be no mistake."

The cause of the wrath of the health authorities is this: The letter from the chairman of the Hospital Board refers to the crowded condition of the fever hospital, where he says twenty-two patients are housed, although there is only room for sixteen. The health authorities take this as a reflection upon them. They say they erected a tent on the hospital grounds at an expense of \$75, which will accommodate seven or eight patients. The doctor says the patients are far better there than inside in the hot weather.

The doctor is also incensed over the opposition to removing the fever and diphtheria hospital off the city hospital grounds. He says that Chairman Billings a long time ago wrote a letter to Dr. Bruce Smith, the provincial inspector, asking him to try and have the fever and diphtheria hospitals taken off the grounds.

It looks as if the trouble over the isolation hospital and the Southam home would be aired in the Council again. Some of the aldermen think that the proceedings threatened if the city opens it as a hospital for consumptives, might be turned into an isolation hospital, the city returning \$10,000 to the donor, William Southam, with the suggestion that the home for incurable consumptives be built on a site on the mountain top. They think that Mr. Southam would be agreeable to this, as he was not particularly interested in where the home was located.

SCOW UPSET.

Came In Collision With Standard Oil Barge, No. 6.

Special Despatch to the Times.

St. Catharines, Ont., July 8.—A scow laden with stone, bound to Toronto, to be used by Mentry Bros., contractors for crib-work, was overturned in Lake Ontario early yesterday morning in collision with the Standard Oil Barge No. 6, coming to the Welland Canal. No damage was done to the oil barge. The scow was later towed to Toronto by a tug sent out from here in response to a telephone message from Port Dalhousie.

ST. STEPHEN'S.

Successful Garden Party on the Mountain Last Night.

A garden party was held at the home of Mrs. Blandy, on the mountain, last night, in aid of St. Stephen's Church. A large number from the city were present and the affair was a success. An interesting programme was rendered.
