One Cent

or 2 for \$1.01

This ONE CENT SALE Plan was originated by the United Drug Company for the Rexall Drug Stores. The United Drug Company are the largest manufacturers and buyers of Toilet Articles, Remedies, Chocolates, Perfumes, Rubber Goods, Stationery, and Drug Sundries in the world, and this is an advertising plan pure and simple, of which they bear most of the expense. Instead of spending money in the regular way, such as Free Samples, etc., it is their desire that we place full sized packages, or articles, in your hands, giving you an opportunity to judge the real value of these goods, the cost of which they charge to advertising.

We will only be permitted to run this sale occasionally. Beware of imitations in other stores, and take advantage of this exceptional opportunity. We can not afford to charge or deliver goods during this sale. So please don't ask us to do it. These prices do not include the War Tax.

AN ACREAGE INCREASE

OF 4,600,000
J. D. McGregor, Director of Canada Food Board, estimates

that the three Prairie Provinces of Canada will have sown an increase of 2,600,000 acres in wheat, oats and barley; and Dr. J. W. Robertson, says that the farmers of Eastern Canada are increasing the acreage for wheat, barley, rye, oats, peas, beans, fodder, potatoes and other roots. An increased acreage of about 2,300,000 acres is aimed at

in the five Eastern Provinces and an increased garden acreage of at least 200% over that of last year is estimated. Great efforts will have to be made to can, dry, and store the surplus crop. To do this many Home Efficiency Clubs are needed. There were some 220 of these in N. B. last year.
