"Child's Eyelids Inflamed Stuck Together and Bled"

Mr. E. P. Kimball, Entwistle, Alta., writes: "Our little girl from birth was troubled with inflamed eyelids and in spite of several remedies, grew worse until at the age of sixteen months her eyes could not be opened after sleep without bleeding, a waxy discharge sticking the lids together and adhering with great tenacity. The child's grandmothers were consulted by mail, and both responded with a little sample box of Dr. Chase's Ointment. These were used as directed, and lasted until we could obtain a further supply from Edmonton. Improvement was very marked from the first application. The waxy discharge was easier removed and did not reappear. Inflammation subsided and has not returned."

Earl Haig Likely To Visit Fredericton

It is possible that Earl Haig for some time in command of the British forces in France during the Great War, will attend a reception in Fredericton if he accepts an invitation to visit this city as a guest of the Province. Such a reception would be provincial in its nature and if Earl Haig should visit other places in the Province the receptions there would be of local nature.

The proposition that the Province extend to Earl Haig an invitation to visit New Brunswick was placed before Premier Veniot Tuesday afternoon by a delegation from the executive of the Provincial Command of the G. W. V. A. The Premier promised consideration of the request.

Earl Haig will be in Canada attending the meeting of the British Service League which it is to begin at Ottawa, June 29. He has accepted an invitation to visit Metapedia, Quebec, to fish salmon and it is believed that he will come to Fredericton from there.

Provincial Tax On C. N. R. Lines Near

An annual revenue for New Brunswick of at least \$100,000 from taxation upon Canadian National Railways property in this province is believed to be definitely in sight.

The Canadian Pacific Railway now pays a provincial tax of more than \$50,000 a year and negotiations have been carried on for some time by Premier Veniot and Hon. J. E. Michaud as a committee from the Legislative Council to have the Canadian National Railways pay taxes on their properties in the province which include twice as many miles of line as the C. P. R. own and operate.

Word was received from Hon. A. B. Copp, Secretary of State that representatives of the C. N. R. would be here for a conference on the subject as a result of representation which were made at Ottawa some time ago and this afternoon J. H. Ruel, general solicitor of the C. N. R., arrived here to meet Premier Veniot and other representatives of the provincial government.

It is understood that a general plan whereby the C. N. R. will pay taxes upon all lines in the various provinces in the Dominion is being worked out and Premier Veniot may make a definite statement in the Legislature before prorogation.

Married Women To Be Able to Vote

Married women will be given the right to vote at school district meetings in New Brunswick under government legislation introduced by Attorney-General Rand in amendment of the School Act. The bill will provide that only married women of the age of 21 years who are not living separately or apart from their husbands shall be granted this right under the amending legislation. Hitherto, only women holding property in their own name have been entitled to vote at the district school meetings.

In case of the voters qualification being questioned, the bill will provide that she may make a declaration to the effect that she is qualified under the amending legislation, such declaration to be accepted at the meeting. In the event of a false declaration being made a penalty of \$20 is provided this amount to be devoted to the purpose of the school district.

The Calendar

At a very early period in ancient Rome it was a custom to proclaim the first of the month and affix a notice of its occurrence on a place, that the people might be apprised of the religious festivals in which they would have to bear a part. From a Greek verb "Kaléo" (writing the Greek verb in Latin characters which we use) which meant "I call or "proclaim" this first of the month came to be

styled the "Kalendae" or "Kalends," and Fasti Calendares" became the name to be styled announcing the first day of the month. Subsequently, by a very natural process of ideas, a book for accounts referring to days was called "Calendarium," a calendar: and from this we have derived our word, applicable to an exposition of time arrangements generally. It will be remembered that the Latin city of fashion and pleasure on the Bay of Naples, called Pompeii, was buried

under a storm of lava from Mount Vesuvius in the year 79 A. D. A considerable part of the city has been excavated and many things have been found just as they were when the volcano destroyed the inhabitants. For instance, there has been found an ancient calendar, cut upon a square block of marble, upon each side of which three months are registered in perpendicular columns, each headed by the prayer sign of the zodiac.

HAVE YOU TASTED THE NEW IMPROVED "G.B." COATING?

GANONG'S constant aim for 50 years back has been to make a good product better. Not satisfied with developing to a high degree the art of blending the choicest flavours into over 130 exquisite centres, they have evolved the NEW IMPROVED "G.B." coating to a mellowness and a flavour never before attained. Be sure to try the NEW IMPROVED "G.B." coating. One taste is worth a million words!
