

Financial Statement of the affairs of the Colony for the year 1881.

Estimate for defraying part of the Civil Expenditure of the Colony for the year 1881.

Detailed statement of salaries of Outport Magistrates, Goalers, Clerks of the Peace and Constables.

Ordered that the said Documents do lie upon the table.

Hon the Premier, by command of His Excellency the Governor, presented to the House a Report of the Inspector of Constabulary for the year 1880.

The Financial Secretary presented to the House a detailed statement of the payments on account of the encouragement of the Bank Fishery for the year 1880.

Pursuant to the Order of the Day, the House then upon motion, resolved itself into Committee of the Whole upon Ways and Means.

Mr Watson in the chair. Hon Receiver General asked the usual indulgence of the House while he read his speech.

[Speech was published in the Herald of Friday, March 25.]

Mr Little could not congratulate the country upon the outlook or upon the results of the probable operations of the current year under the direction of the hon gentleman. He would take another opportunity of expressing his views.

Hon Receiver General moved that the Committee rise, report progress and ask leave to sit again on Tuesday next.

Whereupon the hon the Speaker took the chair, the Committee rose, the chairman reported that some progress had been made, and asked leave to sit again.

Hon Attorney General stated that the several bills relating to the administration of justice appearing upon the order of the day; to be read a second time, were not yet printed.

Hon Mr Winter made a similar statement with regard to the Bills relating to the sale of Intoxicating Liquors, Gambling and Gambling Houses.

Hon Mr Winter moved the adoption by the house of an address to His Excellency the Governor from J. L. Lake and others, of Burin district, upon the subject of a modification of the Lobster Fishery Act.

Mr Kent, pursuant to notice asked the hon Attorney General whether anything had been done by way of improving Bannerman Park in conformity with the general assent that was given last session to something being done.

Hon Attorney General referred the hon member to the Chairman of the Board of Works, who said beyond repairing the fence and planting some ornamental trees nothing had been done.

Mr Kent moved the adoption of an address to his Excellency the Governor upon the petition of Joseph Bulger and others, of St John's.

Mr Parsons presented a petition from the inhabitants of Quidi Vidi respecting a grant to clear the Gut of the boulders and sand that had been thrown in by gales during the Fall and Winter. A grant of about four hundred dollars would complete the necessary work and he (Mr P) trusted that the Government would recognize the importance of the work and promptly aid these industrious people.

Mr O'Mara supported prayer of the petition.

Mr Parsons presented a petition from the inhabitants of Belle Isle, upon the subject of a wharf. The people had no way of drawing their boats up into a place of safety, and asked from the Government a moderate amount of aid.

Mr Parsons also presented a petition from Thomas Churchill and others, of Portugal Cove, praying for a grant to make a branch road to enable them to get to their farms. This road would be of inestimable value to the petitioners who would thereby be enabled to reach their farms with facility.

Mr Parsons also presented a petition from the inhabitants of Torbay upon the subject of a railing required for a dangerous part of the road near Piper's Stock Hill.

Hon Attorney General presented a petition from the inhabitants of Random and Chance Cove, upon the subject of a road in that locality. He believed the road was one of very considerable importance to petitioners, and he trusted when the Road Grant was before the House due provision would be made for this road.

The house then adjourned until to-morrow at half-past two o'clock.

WEDNESDAY, March 9.

House met pursuant to adjournment at half-past three o'clock.

Mr Dwyer presented a petition from the widow Doran of Cape Pine, praying for an increase of salary for the Ferryman (her son.) The stipend attached to the position was but \$40 per annum. He strongly recommended her petition to consideration of the house, and trusted that the merits of her case would obtain consideration.

Mr Dwyer also presented a petition from Andrew Murphy and others of Odeon upon the subject of a road which petitioners desired to have opened up to allow them to cultivate their farms with success. He trusted that when the road grant was before the house, some provision would be made to meet the requirements of petitioners.

Mr Dwyer also presented a petition from J J Walsh and others of Paradise, respecting the erection of a slip in that locality. The hon member at some length described the locality and the beneficial results that would follow the completion of this work. He trusted the petition would receive the consideration its importance demanded.

Mr Rice presented the following petitions, from Reuben Blackman and others of Twillingate, from William Herling and others of Cat Cove, Twillingate, and from John Ansley and others, of Parcel Harbor.

Mr Little presented a petition signed by the inhabitants of Harbor Main proper and other localities in that district, praying for the appointment of a Magistrate in the District. The petition was signed by all the principal inhabitants of these several localities. As the people were sincere in their desire for such an appointment, and believed it would tend towards the better administration of justice he intended moving an address to his Excellency the Governor upon the subject.

Mr Little accordingly gave notice that he would on to-morrow move an address to his Excellency the Governor upon the petition of the people of harbor Main.

Mr Kent presented a petition from Rev O M Elliot and others, praying for an increase of salary to the ferryman plying between Portugal Cove and Belle Isle. He strongly recommended the petition to the consideration of the house.

Mr O'Mara and Mr Tessier strongly supported the prayer of the petition.

Dr Skelton presented a petition from John Barker and others of Open Hall, praying for a grant to enable them to sink a well there.

Mr Carter presented a petition from the inhabitants of Exploits praying for the appropriation of a sum for the purpose of building a Suspension Bridge in that locality which would connect the two most populous portions of it, and be of inestimable advantage to the people. He warmly recommended the matter to the consideration of the house.

Mr Rice supported the prayer of the petition.

Mr MacKay presented petitions from the inhabitants of Seal Island, and also from the inhabitants of Petites and Seal Island, which were laid on the table.

Mr Kent presented a petition from the people of Pouch Cove in reference to a Dock known as Shea's Dock. The exceptionally heavy gales of wind and seas of the past few months had greatly injured the work, and petitioners desired that a small amount might be allocated for the repair of the injury.

The Financial Secretary presented a petition from Revs Messrs Kirby and Veitch, and a number of other influential inhabitants of King's Cove, respecting the opening up of a branch road in that locality. The cost would be comparatively trifling, while the benefits accruing would be very great it was a branch which would enable the people to carry fish to the main road. He saw no reason why the prayer of this reasonable petition could not be acceded to and when the road grant was before the house, no doubt due provision would be made to meet the requirements of the case.

Mr Tessier presented a petition from Thomas Brine, of St. John's, praying that he might be made inspector of diseased meat under the Act passed last session. He gave notice of his intention to move an address to his Excellency the Governor, upon this petition.

Mr Watson presented a petition from the inhabitant of Hearts Content upon the subject of coastal steam, which he said he regarded as being of such great importance that he would ask leave to read it. Having read the petition he went on to say that it bore the signatures of the Rev F. R. Murray, Mr Weedon, and the whole of the telegraph Company's staff, besides the signatures of all the principal inhabitants of the locality. He regarded the prayer of the petition as being well worthy the consideration of the house. In asking that the Northern Coastal Steamer might call at Hearts Content, no unreasonable request was made. Localities of far less importance, and very much more out of the less direct route of steamers were port of call.

Exploits and King's Cove might be mentioned as cases in point; Hearts Content unlike some of the other ports of call offered a splendid and safe harbor, wherein the Great Eastern had ridden in safety. For freight the inhabitants were entirely dependant upon the monthly trip of one small schooner, necessarily irregular and not to be depended upon. But beside this the schooner was so small that she was incapable of taking all the freight required, hence large quantities lay over at St. Johns for two months, on some occasions. Honorable members would readily recognize what a serious inconvenience this must be. Even if Hearts Content were made a port of call upon each alternate trip of the Northern Mail Steamer the very great inconvenience now suffered would, to a large extent, be overcome. He thought an arrangement of this kind could be made with the contractors without much difficulty, since the benefit would be mutual. At any rate the expenditure of a small amount would meet the difficulty. He strongly urged upon the house the necessity for meeting the prayer of petitioners, and deemed it of such importance that he intended upon to-morrow moving an address to his Excellency the Governor thereon.

To be Continued.

ADVERTISEMENTS.

HOLLOWAY'S PILLS

CAUTION.

The PILLS Purify the Blood, correct all disorders of the Liver, Stomach Kidneys and Bowls, and are invaluable in all complaints incidental to Females. The OINTMENT is the only reliable remedy for Bad Legs, Old Wounds, Sores, and Ulcers, of however long standing. For Bronchitis, Diphtheria Coughs Colds, Gout, Rheumatism, and all Skin Diseases it is no equal.

BEWARE OF AMERICAN COUNTERFEITS.

I most respectfully take leave to call the attention of the Public generally to the fact, that certain Houses in New York are sending to many parts of the globe SPURIOUS IMITATIONS of my Pills and Ointment. These frauds bears on their labels some address in New York.

I do not allow my medicines to be sold in any part of the United States, I have no Agents there. My Medicines are only made by me, at 533 Oxford Street London.

In the books of directions affixed to the spurious make is a caution, warning the Public against being deceived by counterfeits. Do not be misled by this audacious trick, as they are the counterfeitists they pretend to denounce.

These counterfeits are purchased by unprincipled Vendors at one-half the price of my Pills and Ointment, and are sold to you as my genuine medicines.

I most earnestly appeal to that sense of justice which I feel sure I may venture upon asking from all honorable persons, to assist me, and the Public, as far as may lie in their power, in denouncing this shameful Fraud.

Each Pot and Box of the Genuine Medicines, bears the British Government Stamp, with the words "HOLLOWAY'S PILLS AND OINTMENT, LONDON, engraved thereon. On the label is the address, 533, OXFORD STREET, LONDON, where alone they are manufactured. Holloway's Pills and Ointment bearing any other address are counterfeits.

The Trade Mark of these Medicines are registered in Ottawa. Hence, any one throughout the British Possessions, who may keep the American Counterfeits for sale, will be prosecuted.

Signed THOS HOLLOWAY. 533 Oxford Street, London.

Government Notice.

ALL PERSONS having Claims against the Board of Works are requested to find in their Accounts (duly certified) not later than MONDAY 20th inst.
