THERE are five thousand milk dealers in ow York city. A strict system of inspection has been in force for six years with very good results. When this system was maugu. rated, it was found that one dealer in five likewere selling adulterated milk, whereas the proportion now is only one in one hundred nd tifty. The sum of \$12,000 was collected in 1881 from dealers who were prosecuted, and there has been a decrease each year since, the fines collected so far in 1884

os last Monday two of our most prominent and respected citizens passed away—Messrs, wen Winters and Charles Quirk. The last same dynamic and his death was not unexpected, but dr. Winters' illness was very brief. Their unerals this forenoon were largely attended, no taking place at eight and the other at on o'clock. The funeral of Mr. Winters was recoded by the Benovelent Irish Society, of hich he was an active and zealous member. a addition to his contributions to this gointly, he was always liberal in his dona. and respected citizens passed away-Messrs Owen Winters and Charles Quirk. The last named gentleman had been ailing for some time, and his death was not unexpected, but Mr. Winters' illness was very brief. Their funerals this forenoon were largely attended ten o'clock. The funeral of Mr. Winters was preceded by the Benovelent Irish Society, of Society, he was always liberal in his donations to other charitable and praiseworthy objects. To the family and relatives of the

objects. To the family and relatives of the deceased gentlemen we tender our sympathy.

This friends and relatives of John 8. Me-Donald, son of the late Capt. Hugh McDonald, of Souris, will regret to learn that he was drowned off the steamer 1-tyo, on the morning of the 13th Jan. last, in Chehalis liver, Washington Territory. His body was found on the 14th of April, by his companion, and the first of the washington Territory. His body was found on the 11th of April, by his comrade, Martin Konnedy, who communicated the sad new to his mother in Grand River, Lot 14. The deceased was a smart young man, about 27 years of age, and possessed qualities that endeared him to all his acquaintances. For a troo he was a student of St. Dunstan's Colloge, Charlottetown, but having a tendency to roam, he embarked about five years. dency to roam, he embarked about five years ago, on the sea-faring career, which he followed till his death. We sincerely sympa. THE SCIENCE OF LIFE. ONLY \$1 thize with his relatives in this, their sad

This steamer N. Lawrence made her first trip this season, on Thursday. Considerable improvements have been effected in this boat since last fall. In addition to what has been done in the woodwork line, two new steel boilers from the Acadia Foundry, New Glasgow, N. S., were placed in position, under the superintendence of Messrs. Turner and Cummings. The dining saloon, the ladies cabin, and the after saloon have been newly painted and otherwise improved. The following capable officers are in charge of the N. Lawrence: Captain, E. Evans; 1st Officer, Pennas McCarthy; Pilot, Thomas Lund; Chief Engineer, James Turner; 1st Assistant, Charles Cuming; James Turner; 1st Assistant, Charles Cuming; 2nd Assistant, James McCarton. The St. Lawrence left on Monday morning for Summerside, and will run between that Port and Shediac until the last of the week.

At a special meeting of the Benovolent Irish Society, held on Wednesday, the 4th inst., the following Resolutions were unanimously adopted:—

Whereas, In the death of Owen Winters this Society has been deprived or the prosecue of one of its mest useful members, and constituted in the paper. THYSELF improvements have been effected in this boat since last fall. In addition to what has

mously adopted:—

Whereas, In the death of Owen Winters this Society has been deprived of the presence of one of its most useful members, and we therefore deem it but a small tribute of respect to his memory to bear testimony to our appreciation of the deceased.

Resolved, That it is with deep regret we are called upon to lament the death of one whose kindly and genial nature, generous heart and well known activity in the best interests of this Society, made him one of our most valued members.
