

# WITH THE FARMERS

**WHEAT \$1.35.**  
Chicago, May 26.—May wheat made a new high record of a dollar thirty-five and a quarter cents. As the end of May is drawing near the shorts are rustling round trying to get rid of their commitments and every offer is grabbed up quickly. July opened at a dollar eighteen and three-quarters.

**BIG ALBERTA STEER.**  
A big steer raised on Rosebud Creek thirty miles north of Gleichen, is to be taken to the Alaska-Yukon exposition, to show the possibilities of Alberta's natural grasses. The animal, although only three or four years old, stands 6 feet high, is 11 feet 2 inches long, measures 8 feet 8 inches around the girth, and six feet on the hips, and weighs 2,500 pounds. The steer was worked in an ox team last fall and was turned out on grass never seeing the inside of a stable throughout the winter.

It is thought the steer will be one of the end of the season weigh 3,000 pounds. The owners have refused \$4,000 for it.

**WINNIPEG GRAIN PRICES.**  
Winnipeg, Man., May 25.—No demand for cash wheat and exporters are trying to sell, as the export de-

mand is positively dead at the moment. Winnipeg market opened strong on the advance in American markets Monday, but was a very dull market and declined from 1.29 1/2 to 1.27 1/2, and finally closed at \$1.27 1/2, or one cent under Saturday. May made a new high record, selling at 1.27 1/2, but as the morning advanced, news of plentiful rains in the southwest came in, and estimates placing the crop at 50,000,000 against the 60,000,000 of English of Monday, and the price could not be sustained. May dropped back to \$1.34, closing at that figure, or 1/2 cent under Monday. July was down 1/2, September 1/2, and there was generally a weaker tone. Minneapolis was off 1 cent for May and July and 1/2 for September. The news from Europe was about evenly balanced between bulls and bears. Liverpool was lower, Paris was lower, but Berlin showed a big advance.

Winnipeg cash market was strong and the demand was better than the supply. May oats sold 1/2, July 1/2, higher, but October went down 1/2. Flax was sensational, showing an advance of 3 cents for May and July in sympathy with Duluth. The demand is from the American side, 1/2 cent.
