A. board of directors and in aid of the board of directors and in aid of the association's building funds, is an event of general interest in the city in view of the fact that a large number of children are taking part in Waldrich disappeared and it was the performance. It is hoped the parthought by the R.N.W.M.P. that he was ents of the children will arge a regu-

lar attendance at rehearsals. SCIENTISTS HERE ON SATURDAY.

A letter received by Mayor Lee this morning from the Secretary of the Association of British scientists states that the special train with the members of the association on board will arrive in MR. WAINWRIGHT LOOKS AROUND the association on board will arrive in Strathcona at ten o'clock on Saturday, Sept. 11th at ten o'clock, Luncheon will be served in the Separate School hall and afterwards the delegates will be taken for a sail down the river on the steamer City of Edmonton, They will leave on return over the C.N.R. by 'n company with F. W. Morse, who later the avening.

MR. WAINWRIGHT LOOKS AROUND

Wm. Wainwright, second vice-president of the officials of the party at present in the city, who is renewing an acquaintance with Edmonton. In 1902 Mr. Wainwright, n company with F. W. Morse, who later became general manager of the G.T.P. Lost and stolen property value of \$234.50 was recovered.

AN ATTEMPTED ASSAULT.

Information has leaked out with reference to a serious assault and dian Club on railway development in in the north east end of the city last the West. Wainwright, the growing Sunday night. The facts have been town down the G.T.P. line has taken its sunday night. The facts have been town down the G.T.P. line has taken its name after that of the G.T.P. second-vice-president.

I have been steadily working on the case but without success up till the case but without success up till the care but without success which the companied by John Fielders, provincial road and bridge inspector, first affected the bowelc and after and from there proceeded east into wincial road and bridge inspector, first affected the bowelc and after and from there proceeded east into wards led to brain disorder.

Scotch girl named Rankine, aged 17 since my last visit. Scotch girl named Rankine, aged 17 growth which you have experienced years, who lives with her mother at NEW MANAGER IMPERIAL HOTEL the corner of Government Avenue and Wm. O'Connors, late of Stoney Picard street. As the results of her Plain, assumed charge of the Improvement of Improvemen

adventure she is still suffering a severe mental shock and has a badly sprained ankle.

Yesterday afternoon the supposed assallant was secured by the police but when taken to the house of the girl she said that the suspect was not the guilty person whose face she could easily recognize if she saw him could easily recognize if she saw him

When asked with reference to the Strong in denunciation of the prac attack Chief Lancey was very retio-ent: He, however, admitted the ser-ploying the Indians of the provincial iousness of the case and said that no reserves to assist in attracting crowds to fairs at Edmonton and Calgary, is

the culprit.

The facts of the case are as folliws:

Miss Rankine had gone out for a walk near her home about a quarter to Saddle Lake, northeast of Edmonwalk near her home about a quarter after eight on Sunday evening. Just as she was crossing the C.N.R. tracks at Ottawa Avenue a railway velocipede came along. As she stepped back to let it pass the man on the machine seized her and threw her over the front. In her fright she can hardly recall what afterwards occurred but by a frantic effort she three herself off the velocipede while near the Parkdale mine. The man shandon farming altogether. The

threw berselt off the velocipede white had better take it ap entirely and near the Patkdale mine. The many did not step to recognize her but continued on towards the east.

Found Her Way Home.

The gril managed to find her way back to her home where she arrived about half past mine o'clock in a highly nervous condition. Since then she has been suffering from the effects of her fright and serious consequences are feared as she is of very delicate constitution.

The case was immediately reported to the police who have since been following up every available clue. A many the pice around to and from work. For this and the pice about a thorse of the pice around to and from work. For this part of the market. In mether of these should around to and from work. For this pice about a thorse had been suffering the police who have since been following up every available clue. A method shandour farming altogether.
