

His Old Age Made Free From Suffering

BY GIN PILLS
I am over 60 years of age and have been suffering with Kidney and Bladder Trouble for fifteen years. I took doctors' medicine but got no help.

ANNAPOLIS, N.S.
I have taken six boxes of GIN PILLS and I feel like a new man. I had taken ten boxes before I had taken one box of GIN PILLS.

Now, I can lie in bed four or five hours without getting up. I can say that GIN PILLS have nearly cured me and I shall always keep a box in the house.

Do as Mr. Pierce did—write us for free sample box of GIN PILLS and see for yourself just how good they are.

GIN PILLS are sold by the regular size boxes at your dealer's—50c, or 6 for \$2.50. GIN PILLS are guaranteed to give you relief.

Another Modern Miracle

Locomotor Ataxia Cured

The Sufferer Had Been Given Up as Incurable by Several Doctor—Hospital Treatment Also Failed—Dr. Williams' Pink Pills Worked the Miracle.

Before the discovery of Dr. Williams' Pink Pills, locomotor ataxia was considered an incurable disease. It has been fully demonstrated, however, that this disease can be cured through the use of these pills.

Locomotor ataxia is a disease of the spinal cord, and first shows itself in an inability to stand erect when the eyes are closed, or in the dark.

It is characterized by peculiar disturbances of the gait, and difficulty in controlling the motions of the legs. One of the commonest and earliest signs is a tingling feeling, particularly noted in the knees and ankles.

As the disease progresses, there is an increase in the duration and intensity of the symptoms, but the progress is usually slow, and gradually approaches a total lack of feeling in the legs, causing a wobbling gait, and entire inability to govern the motions of the feet.

The disease progresses the patient loses all control over bowels and water, and becomes utterly helpless, and has to be cared like a child.

In proof of the power of Dr. Williams' Pink Pills to cure this terrible malady, Mrs. Sarah Jane Fuller, of Antler, Sask., says: "For seven years from 1890 to 1897, my son James was afflicted with locomotor ataxia, but his treatment failed to do him any benefit, and he kept growing weaker and worse, till finally he lost all control of his limbs, and could not move at all.

He had to carry him from his bed to a chair, where would have to tie him to enable him to sit. He was as helpless as an infant; he lost all control of his kidneys and bowels, and we daily looked for death to result from his suffering. In 1898, we sent him to the Brandon Hospital, hoping that the treatment there would benefit him. In this, though, we were disappointed, and the hospital doctor advised that he could do nothing for him.

At this time a friend advised the use of Dr. Williams' Pink Pills. Being willing to try anything in the line of medicine, I bought a supply. In less than three months I noted a slight improvement in his condition, and in six months he could get up, and from that on the improvement continued till now he is fully cured and can now attend school, and do the chores about the house. What Dr. Williams' Pink Pills have done for him is truly wonderful, and I would strongly recommend them to all sufferers, for they most certainly saved my boy's life.

In substantiation of what Mrs. Fuller says, Mr. A. E. Steele, the well-known lumber and coal dealer of Antler, writes: "With reference to what Mrs. Fuller says concerning her son's cure by Pink Pills, I have no hesitation in saying that what she says is absolutely true in every particular, as I am personally acquainted with the case."

This great cure is not the only one performed by Dr. Williams' Pink Pills. They have brought thousands back to health and strength after some of the best doctors in the country had been forced to give up the case as incurable. Not only in cases of locomotor ataxia, but in cases of paraplegia, sciatica, acute rheumatism, and many other severe ailments have they been successful. The whole secret of their wonderful success is in their power to make rich, red, health-giving blood—the one essential for life. The pills are sold by all medicinal dealers, or direct by mail order. The pills are sold by six boxes for \$2.50. The Dr. Williams' Medicine Co., Brockville, Ont.

RICH VALLEY.
Bulletin News Service.
The school here opened on Jan. 22, after being closed for six months.

The former teacher, W. B. Webb, is again in charge. The average attendance so far has been very satisfactory, but as the roads have been drifted and the walking heavy, several have been kept away in consequence.

Bad colds have been rather common, too, but nothing of a serious nature.

Mr. Henry Henderson who served as trustee of the Rich Valley school district since the organization of the board, has been relieved of his office.

Mr. A. Peterson has been elected in his place. The other trustees are Mr. O. C. Nelson, chairman, and Mr. H. J. Austin, secretary.

The school building in this district is particularly comfortable, being made of heavy logs and well plastered both outside and in, and the teacher says he has never taught in a building so easy to keep warm.

This is of the utmost importance in the winter time. Both this school and the Goldthorp school, east of here, have been presented with shields made from copper of Nelson's fleship, the Victory. The Goldthorp school has, as a result of a social, money on hand to procure a shield.

The ladies of that district are deserving of special mention for their efforts in this as well as other undertakings to improve the school grounds.

The trustees are also planning to repair and improve the building, and as soon as possible to build a stable on the grounds.

Mr. and Mrs. C. N. Boatman have returned to their homestead here after a few months' absence in Strathcona.
