LONDON, Aug. 16.

There is little if any abatement in the strike fever, which has spread through Britain to-day. At some points, such as the London docks, conditions continue to improve, but this is offset by outbreaks elsewhere.

With the exception of Liverpool, where there was rioting nearly all last night, the men generally are orderly, and are peacefully inducing others to join the Union, but not interfering with those desiring work.

The fighting at Liverpool last night, which resulted in the death of two rioters, who were shot by Hussars in defending five prison vans occupied by riot prisoners, whom the mob attempted unsuccessfully to release, has not tended to improve the situation. This morning the streets were quiet. Police and soldiers, however, are prepared for a renewal of hostilities when night falls. To-day's work is busy removing goods from the railway stations to business houses. They were unmolested. Along the docks work was at a standstill, and the men showed an ugly spirit. Railway men at various centres to-day notified superiors of their determination not to handle trains employed in carrying soldiers and police through strike areas. A report is current that the Government is likely to respond to this action of the men with a proclamation of martial law on all railways, replacing strikers with men from Royal Engineers and Army Service Corps.

Passengers for Manchester were informed at booking offices that the railway companies were unable to guarantee transportation further than Crewe, 25 miles south of West Manchester.

The threat to tie up the railway lines in the Kingdom has caused more uneasiness than all other strike movements combined, for it is known that if the effort is successful it would completely cut off the food supply from the greater part of the country, and the Government has exerted every influence to avert such a calamity.

This forenoon, Buxton, President of the Board of Trade, conferred with the managers of railway lines, and met leaders of employees in the hope of bringing about a joint conference.

LIVERPOOL, Aug. 16.

This city is nearing the starvation point, unless the railway strike is averted. Two days more will find the bread supply exhausted; restaurants are closed because they have not enough provisions; necessities have advanced freely in price. No steamers for Canada or the United States are likely to sail this week, as they cannot obtain coal. Transatlantic mails are being forwarded to Queens-town to catch the Southampton boats.

Tim Shannahan on the Wedding Present List.

THE CUTE MAN AND MRS. TUCKER HAVE THEIR SAY.

There's no pleasing Mrs. Tucker lately; she's as sour as a crab apple. Last night she poured forth her wrath on the "Wedding Present List" that appears in the papers every week. Mrs. Tucker says what's the use of inflicting such a dose of cheese dishes and photo frames on the public. Of course the printers and the editors hate the sight of a wedding present list, but in order to keep on good terms with the relatives of the bride and groom they have to give it a prominent place in the front page. We didn't know what "society" weddings were around here 'till lately. Tucker says there is nothing at all in society weddings as every man in the country is in some society or another. Tucker says any man who is a member of a society and has his dues all paid up can call his wedding a "society" wedding when he gets married.

The Cute Man, who by the way is an old bachelor, says there are three stages in a man's life—the time he's born, the time he gets married, and the time he dies. On all three occasions he figures in the columns of the daily papers. They don't kick up much fuss over his birth. They simply state that a son has arrived to Mr. and Mrs. Tucker. They don't wait 'till he's christened to tell the news. Consequently we have to put up with the very meagre intelligence that a son was born.

Later on the son again figures in the press. This time we are told that he is married, also whose son he is the full name of the happy bride who her mother and father are and 'till more information thrown in. When he dies we are told that he "passed peacefully away," and sometimes we are given his age, when all his daughters are married. 'Twould never do to tell his age, so Mrs. Tucker says, if any of his daughters were single, for we might be able to arrive at the correct age of the young "giddy girl" by doing a sum in subtraction. The death notice generally nowadays winds up with "No crepe." Mrs. Tucker says what a relief it would be if the wedding announcement ended up with "No presents."

Oh my, says she, the list of wedding presents gets on my nerves and makes me feel as bad as how much money people gave at a collection being trotted out in the papers.

'Tis a wonder, says Mrs. Tucker, that people are not more refined after all the high falutin' education they get. Vulgarly always made me feel unwell, said she, and this trotting out the list of wedding presents and telling the public how much we gave to charity is the essence of it.

Why, one of the wisest men I ever knew, said she, told me the right hand shouldn't know what the left gave; but now the style is for "all hands" to know it.

ADDRESS.

The members of the Holy Name Society of the Cathedral Parish met on Tuesday night, in the Presentation Convent School, for the purpose of presenting an address and purse of gold to the Rt. Rev. Dr. Power, Bishop of St. George's. Shortly after 8 p.m. His Lordship accompanied by the Spiritual Director, Rev. Fr. Sheehan, came forward and took their respective seats. Rev. Fr. Sheehan then rose and after introducing His Lordship to the Society explained the object of the meeting.

In a very neat and eloquent discourse he thanked His Lordship for the keen interest he took in the Holy Name Society, and said that it was only right that we assemble together to-night to congratulate and do honor to him who was worthy in every respect to that great honour already conferred on him. He wished him every happiness and prosperity in his new mission and said that besides his own prayers for his success, he would also have the prayers of the members of the Holy Name Society; and when life's journey was over, and the tolls of the day were ended we would hope to meet him in that bright and happy land beyond the pale of the grave.

The address was then read by the Secretary which is as follows:—

To The Right Rev. M. F. Power, D.D., Bishop of St. George's.

May it Please Your Lordship,—

We, the members of the Holy Name Society of the Cathedral Parish, with glad hearts avail ourselves of this opportunity to approach Your Lordship with feelings of profound respect, and tender to you our sincere congratulations on having been raised to the Bishopric of St. George's.

We know that our efforts in addressing you will appear small, in comparison with those of the Catholic citizens and the other Societies, but still we cannot refrain from joining our voices in the general acclaim that pronounces him to be this honoured, whom the Vicar of Christ has deemed worthy of such honour.

We rejoice also to behold in Your Lordship's person "one of Terra Nova's sons," and as this places the Catholic Church in our Island Home under the jurisdiction of three native Bishops, it shows that our Holy Father takes a deep interest in our good Priests and appreciates their talents and virtues. We are deeply grateful for all Your Lordship's efforts in the betterment of our Society and we would deem it a favour if you would accept the small gift which we tender you, and ask that you look not upon its value which is very small, but upon the sentiments which have prompted its giving.

May Your Lordship long live the ornament of your Religion and your country, and we humbly pray God to grant you many years of health and happiness to rule over the Catholics of St. George's. We sign ourselves on behalf of the members of the Holy Name Society.

PETER SINNOTT, President.
JAMES J. WHALEN, Secretary.
PATRICK KERRIVAN, Treasurer.

His Lordship's Reply.

His Lordship thanked the members for their gift and splendid address accorded him and also the Spiritual Director, Rev. Fr. Sheehan, to whom he said in no small measure was the success of the Holy Name Society attributed to his untiring efforts to reach that standard which it now attains. His Lordship stated that no thanks was due him for the interest he took in the Society because by so doing he was only doing his duty as a Priest and Soldier of the Cross. He impressed on the Society to be obedient and respectful to their Spiritual Director, and with that feeling existing we would still maintain that standard we have reached and that our Society will still be a credit to the name it bears, that name which is above all other names.

Harbor Grace Notes.

A severe thunder and lightning storm passed over this town last night. The lightning was very vivid while the thunder was the heaviest felt for the season.

Messrs. R. D. McRae & Sons' schrs. Clara arrived from St. John's on Sunday morning.

The schrs. Antoinette, Capt. George Webber, will sail in a day or two for Sandy Islands, Labrador, where she will take a load of fish to market.

Rev. W. H. Webber and his bride are spending a few days here with friends before going to St. John's, where the rev. gentleman will have charge of Cochrane Street Church.

Two new cases of scarlet fever developed in town this week. We were almost inclined to the opinion that the disease had been stamped out when we heard of its reappearance.

Mr. John Davis, Principal of the Methodist Academy, was taken suddenly ill on Sunday night and was attended by a doctor on Monday. We are glad to say he is much improved to-day.

Owing to some necessary repairs to the water service, the Electric Light Co. were compelled to shut off the current last night while the repairs and connections were being made. The company, to avoid any inconvenience on the part of their patrons, had posters out several days previous informing interested parties of the shut off. This company, through its energetic manager, L. Williams, Esq., is most attentive to the wants

of the public, and are duly appreciated for that same.

The C. C. C. band left by this morning's express for Argentina to be present and enliven the garden party to be held there to-day.

We hear that the amount realized at the garden party held here on Wednesday last in aid of the Catholic Cadet Corps was nearly \$200.

Mr. and Mrs. T. C. Makinson, of Cochrane Dale, took a run down yesterday by the 4.30 train.

The heavy rain yesterday was a welcome guest to the farmers, who were wishing, and we might almost say praying, for rain for several weeks.
