Will it Measure Up?

The League of Nations has a big job on hand, and there is offered to it for the first time in its existence an opportunity to accomplish something of practical value to the world. Will it measure up to the requirements expected of it in settling the Upper Silesia question, or will it fail in its initial essay and have the world war followed by another over this troublesome problem? France and England have for some time been at loggerheads over the economic situation presented by this question. It is now, however, in the hands of the League, having been placed there by the Allied Supreme Council, which found it too hot to handle in ordinary fashion. If the League can find a way out, it will prove its right to continued existence, for some prominent Republicans in the United States have made the statement that the League is dead beyond all hope of resurrection; but then the Republicans were never believers in the formation of it at all. Yet the Allied Supreme Council being incapable of adjusting the Upper Silesian difficulty had to appeal to the League as "a court of last resort." It is an open question though that an Anglo-French agreement will not have to be reached ere even the League can make a beginning much less a pronouncement. The United States sceptical of any lasting results coming from the handling of the pros and cons in connection with the squabble of France and England over Silesia, and how best to stabilize affairs there. Mid European affairs have more than once made their impress on international politics, and though a crisis may have been averted by the submission of the whole matter to the League, the cloud still hangs ominously over the horizon of Anglo-French relations. "For the present," says the Baltimore American, "the Entente has saved its face, but it was saved by begging a question upon which depends, in large measure, the economic and political recovery of Central Europe and it means a continuation of this uncertainty—at a time when the breaking point had become seriously near. It means delay in a re-opening of the whole problem. The Council of the League of Nations working at the highest speed of which it is capable, cannot reach any decision under three or four months, and in the meantime the failure of the Supreme Council to arrange a settlement is again fanning the frebrands of Silesia into flame." And that is perhaps the crux of the whole situation. The Silesians concerned do not appreciate delay in deliberations. They want their grievance settled off hand and in their own favor, and that is just where the League will be up against it. The Council has a man's job to handle, and if they can dispose of it to the satisfaction of all, the first step in the path of universal peace will have been taken.

Consecration Anniversary.

The ceremony of consecrating the R. C. Cathedral took place sixty-six years ago to-day. Amongst those who took part in the ritual were His Grace Rev. Dr. Hughes, Archbishop of New York; Right Rev. Dr. Mullock, Bishop of the diocese; Right Rev. Dr. Charbonnell, Bishop of Toronto; Right Rev. Dr. Connolly, Bishop of New Brunswick, and a large number of clergy from the various outports. The building of the sacred edifice began 14 years before the corner stone having been laid in 1841, by Bishop Fleming. The Cathedral is decorated to-day with bunting in honor of the event.

B. I. S. Outing

WILL BE CONTINUED.  
The outing held at Donovan's last night by the B. I. S. was attended by over 200 people who went out by special train. Dancing was indulged in during the evening to the music of the B. I. S. Orchestra. An excellent supper was served at midnight. So successful have these outings proved that by special request, several more will be held during the season.

Regiment vs. City.

The Regiment vs. City game which had to be postponed on Wednesday, will be played this evening instead of the regular League fixture. The line-up will be:—  
City—Goal, Smith; backs, L. Kavanagh, E. Kavanagh; halves, Spratt, Drover, W. Hart; forwards, Jarrett, Flynn, Halley, Joliffe, Coultas.  
Regiment—Goal, Noseworthy; backs, Churchill, Tait; halves, Christopher, Galgay, Hallyard; forwards, Callahan, Hunt, Macklin, Madigan, Young.

Highlanders Defeated.

The Highlanders were defeated by the Cadets last night by 3 goals to 1 in which was, on the whole, a fair exhibition of football. The victors had the best of play throughout. Callahan, Flynn and O'Toole scored for the Cadets and Condit obtained the only goal for the Highlanders. The League series will be completed next week when the following games will take place: C.E.I., G.L.B.C., C.C.C., M.G.C. and Star B.I.S. This last game will decide the championship.

To-Morrow's Cricket.

Old Players Again in Harness.  
Many of those whose names were well known in local cricket circles six or seven years ago, will be found in harness to-morrow afternoon when the Old Boys of Bishop Field and St. Bon's Colleges will meet in what will undoubtedly prove a most interesting cricket match. Many of those on both sides played against one another several years ago and will renew their friendly rivalry in to-morrow's match. The Fieldian side will probably be led by Mr. J. A. Winter and will be constituted as follows: R. H. Tait, H. W. Dickenson, J. A. Winter, M. G. Winter, Jr., E. G. Ewing, C. E. A. Jeffery, E. Jarrett, H. C. Hayward, R. Martin, A. Martin, C. Hunt. The St. Bon's team is as follows: J. R. Higgins (Captain), A. Kelley, J. Rawlins, F. A. Edgins, "Doc" Power, Ch. Fox, W. J. Clouston, H. Knight, J. Murphy, W. Callahan, C. McKay.

Personal.

The many friends will be glad to learn that Miss A. E. Gertrude, of the Bethesda Pentecostal Assembly, who has been travelling for the past year and three months in the United States on evangelistic work, returned yesterday's express.  
Kathleen, daughter of Thomas and Elizabeth Hartley, of Portugal Cove South, arrived by train on Monday to enter the General Hospital to undergo an operation.  
Master George Rendell, son of Mr. T. Rendell, Heart's Content, has had a very successful operation performed at the General Hospital.

McMurdo's Store News.

FRIDAY, Sept. 9.  
Cold Sores or Fever Blisters are very unsightly and uncomfortable things, and sometimes a little difficult to cure, especially if these troublesome little spots are not treated at an early stage by remedial agents; but McMurdo's Cold Sore Cure if used with a little persistence can be depended upon to get over the trouble as soon as possible; though, as we have said, it is wise to begin treatment as soon after the cold sore appears as possible, in order to shorten its course. Price 25c a bottle.  
We are open, for a few days only, to accept orders for flowering bulbs, of the most suitable kinds.  
BEOLOGY.—Come in and talk the subject. See our SPECIAL, HATS IN MARCELLA RED SPREADS, SHIRTS and SHEETING, PILLOW and BOLSTER CASES, BLANKETS, etc., etc., and be convinced. We stand SECOND TO NONE FOR GOOD VALUE and LOW PRICES. BOWRING. sep9,31,ood

Coal Costs.

As many people are under the impression that the price of household coal should be much cheaper than at present, we have ascertained the following figures as to cost. These, in some respects, are conservative, and do not include profit and the cost of shedding or overhead expenses.  
Cost at Sydney ..... \$ 3.25  
Freight ..... 0.30  
Duty ..... 1.25  
Discharging ..... 1.50  
Cartage ..... 1.20  
Insurance ..... 1.25  
Loss in weight ..... 0.20  
\$15.13

It may be noted that the cost at Sydney is based on the long ton, under which coal is sold here. At Sydney they reckon 2000 lbs. It is puzzling, however, to understand why coal can be sold at Bell Island for less than it is sold at our wharves at Sydney. The question is are we being discriminated against at the latter place? Regarding the profit made locally, it may be said that last month when coal cost \$16.81 it was selling for \$18.00, whereas to-day at a cost of \$15.13 it is sold for \$17.50.

Arrested on Suspicion.

A man was arrested last night in connection with the burglary at the U. S. P. premises some weeks ago. Two other men are held on suspicion in connection with this and other robberies. One of these men, it is believed, was responsible for making away with the cash box from a schooner some time ago. The police expect that before long they will have the mystery of all the recent burglaries solved. They are not of the opinion that there is any one gang behind all these robberies but think that the various gangs mix, and that whilst some of the "crooks" have had a hand in several robberies, others of their pals may not have had any connection with all of them.

Careless Cure.

"Very little new fish is coming in so far, and what is coming in is poor and has not been thoroughly dried," said a prominent fish merchant to the Telegram today. He also said that amongst the new catch he had noticed a quantity of stinky fish. No merchantable fish has put in an appearance yet. The market price at present is \$5.00 for merchantable, \$5.50 for tallow and \$5.00 for Madra. This, of course, applies to shore fish.

Glencoe's Passengers.

S. S. Glencoe left Placentia on the Southwest Coast service at 4 p.m. yesterday. She took the following passengers: W. P. Lambert, E. Cunningham, Rev. P. Martin, W. H. Russell, Mr. Greenley, Mr. Bryce, A. Good-year, Dr. W. B. Gear, L. Bennett, Dr. Newhook, Mr. LeMessurier, Mrs. (Capt.) Blandford and son, Nurse Dwyer, Miss M. Dwyer, Nurse French, Mrs. W. Hugg, Mrs. W. Mead, Lily Dyett, Gladys Price, Edgar Dyett, Mildred Morgan, Miss Avery, Miss V. Bartlett, Miss Susie Brown.

Unloading New Fish.

The schooner Trafalgar is at present unloading 300 qts. of new shore fish at the premises of A. E. Hickman & Co., to which firm the fish has been sold. This is one of the first cargoes of new fish to come in and it consists chiefly of Madra. The Trafalgar which is owned by Capt. T. L. Drover of Green's Harbor, Trinity Bay, arrived in port on Monday. The wharf presents a busy scene whilst the fish are being unloaded.

Shipping Notes.

Schooner Ethel B. Clarke has cleared from Bay Roberts in ballast for Sydney where she will load coal.  
Schooner Conqueror has arrived at Bonne Bay from Labrador with 100 qts. codfish.  
Schooner L. M. Smith with a cargo of coal and the Arkona with 250 barrels of flour from Sydney have arrived at Bonne Bay.  
S. S. Europa sailed last night for the Northwest to finish loading codfish for market.  
Schooner Union Jack sailed this morning for the North to load codfish.  
S. S. Sabie I. leaves North Sydney to-morrow for this port.  
S. S. Rosalind sails for Halifax and New York to-morrow at 1 p.m.  
S. S. Sebastopol, going North, arrived at Battle Harbor at 3 p.m. yesterday.

MR. H. W. STIRLING will resume lessons in Organ, Piano, Singing and Theory on Tuesday, Sept. 13th. Pupils of all grades received. Further particulars on application. Studio: 29 Victoria St.—85.84,13,15.

MADE FAIR HATS.—Hook and lines on the local grounds this morning made fair hauls of fish of good size. Not many boats are operating, however, owing to the unfavorable weather.

Dr. Barnado's Homes.

PUBLIC MEETING WILL BE HELD.  
It is the intention of the Misses Bentham who are here in connection with Dr. Barnado's Homes, to hold a public meeting on Sunday, Sept. 18th, in the Methodist College Hall, when they will explain the object of their visit to Newfoundland. In the meantime they are visiting the various firms on Water Street and addressing the employees in an attempt to interest them in the work of the Barnado Homes. They will also visit the various schools and other institutions with the same object in view. A Newfoundland Cent League will be formed later whereby everybody will be able to contribute towards the worthy cause which these ladies represent. The Barnado Homes had their origin in 1874 when Dr. Barnado, a young physician, working in the East end of London, founded an institution for homeless waifs. From this small beginning, the Barnado Homes have progressed so rapidly that they have now assumed extraordinary dimensions. These Homes are to be found in several countries, outside Great Britain, and in them thousands of homeless boys and girls are trained in some sphere of usefulness. The great feature about these Homes is that not only are they international but they are also interdenominational. Nearly 100,000 children have passed through the Homes, 30,000 of whom are at present in Canada. Just now, there are 13,000 children undergoing training in the Homes. Miss Bentham informed the Telegram that a worker from the Homes is at present in New Zealand and her own secretary is in Canada. She said that she had visited Newfoundland first because it is the oldest British Colony. She stated that \$10,000 would be sufficient to keep the whole family of 15,000 children for one day and pay rates down to seven cents for one minute. Mr. J. A. Paddon, Manager of the Bank of Montreal, is acting Treasurer of the Fund which is to be established here. Moving pictures showing the work of three of the many Barnado Homes are now being shown at the local picture theatres. Miss Bentham emphasized the fact that of all the money collected for the Homes, not a cent has been paid in outside expenses. Miss Bentham and her sister will be leaving Newfoundland about the last week of the present month.

Cannot Find a Ship.

FLIGHT OF MISSIONER TO OUB LONELEST POSSESSION.

The Rev. H. Marty Rogers, until recently curate in charge of Alexton, Uppingham, Rutland, is sorely perplexed over the problem of reaching Tristan da Cunha, Britain's loneliest possession in the South Atlantic. He volunteered for three years' service as missionary and school teacher to the 119 inhabitants, but at present no ship can be found to convey him and the stores which he and his wife have with them for the relief of the distress on the island. Mr. Rogers has a special message from the King for the islanders, and royal approval of his mission of help, but nothing can be done without shipping facilities. Flour, groceries, clothing, and medical stores are all urgently needed, and not long ago the inhabitants were reduced to wearing skins of animals. The island is visited on very rare occasions by a British warship. Mr. Rogers had an offer of a passage on a crowded whaler-ship, but as there was not proper accommodation for his wife he was obliged to refuse it.—News of the World.
