A Basis of Agreement Arrived at in the Dock Strike.

Denial Given to Reports of Starvation in the Hebrides—General Approval in the Commons of Widows Pension Scheme—Liquor Smuggling on the Increase in U.S.A.

DOCK STRIKE REACHES THE SETTLEMENT STAGE.

LONDON, Feb. 21.

The dock workers' strike is considered virtually ended, although final negotiations may be protracted. The employers have agreed to advance the men's wage one shilling now and another shilling, the first of June, and there will be a "satisfactory enquiry" into declassification and agreement for no reprisals. These are unofficially stated to be the terms of settlement, but they will not be officially made known until a delegate conference of men's representatives decides to accept it. It had been hoped the decision would be given to-night, but the conference merely adjourned until to-morrow without reaching a final conclusion as different port areas are sharply divided. London, Hull and Southampton favor the terms, but Glasgow, Manchester and Liverpool oppose them and others are in doubt.

RUM RUNNING INCREASING.

WASHINGTON, Feb. 21.

Liquor smuggling has increased greatly in recent months and the rum fleets operating on the waters adjacent to the United States coasts have grown to a strength of 158 vessels, it was revealed to-day by the United States coast guard, within the last three months. In 1923 the figures show the amount of whiskey shipped from Scotland alone is estimated at 415,792 gallons in bulk, and 8,755 cases. The shipment of whiskey from Europe since January, 1922, according to the coast guard, amounted

to 104,241 cases. In addition to 415,965 gallons in bulk from Canada 57,285 cases were tabulated, while from Miquelon shipments were 9,000 cases. The coast guard estimated it had only been able to intercept five per cent. of this illicit trade. The fleet consists of 29 steamers and 129 sailing vessels varying in size from 9,000 tons to 71. In addition there is an inshore fleet of several hundred motor boats and smaller vessels with speed up to 18 knots. Even airplanes are used. Contraband liquor has been coming mostly from Great Britain, France, Germany, Spain, Canada, Havana, Santiago, Cuba, Jamaica. It is believed the bulk of the trade is directed from general offices in New York City. A large corporation has just been formed at Yarmouth, N.S. One of the big operatives is reported to be a syndicate running from St. Pierre and Bahamas to Canadian and United States ports.

PENSIONS TO WIDOWS APPROVED.

LONDON, Feb. 21.

The proposed establishment of pensions for all widows with children or others whose bread winners are incapable, received a remarkably unanimous reception in the House of Commons. It was brought forward last evening on a private motion by Charles Dukes, Labour member, who was given a very attentive hearing.

and not a hostile word was uttered by any party. Several Liberal and Conservative gave support to the motion, which was agreed to without division.

ANOTHER DENIAL.

MONTREAL, Feb. 21. That there is no starvation in the Hebrides and little ground for alarmist reports is stated in a special to the Gazette this morning, contradicting previous reports that the Hebrideans were in a critical condition. The New York despatch stating that Lord Balfour had applied to American Sulgrave Institute in behalf of the Hebrideans was also denied.

NAVAL PROGRAMME.

LONDON, Feb. 21. The MacDonald Government, in view of the unemployment situation, has decided to proceed with the laying down of five cruisers and two destroyers as soon as parliamentary sanction is given. It was announced by Charles G. Ammon, Parliamentary Under Secretary to the Admiralty in the House of Commons this afternoon.

SAYS SOLUTION LIES IN INTERNATIONAL PEACE.

PARIS, Feb. 21.

France's rights can be obtained rather through international peace, than by force, declared Edouard Herriot, leader of the Radical Party, speaking at a luncheon of the Anglo-American Press Association to-day. We who represent French democracy are as deeply concerned over France obtaining all her rights as other Frenchmen who are somewhat more noisy about it, he said. They believed respect for French rights can be obtained only through force, we think the solution lies in international peace.

NOT IN IMMEDIATE DANGER.

ATLANTIC CITY, N.J., Feb. 21.

Driven almost a mile shorewards by the heavy tides and gales that have prevailed since she first grounded on the shoals of Little Egg Harbor Bay, early Monday morning, the Atlantic Fruit Company's steamer Amelia was reported to-day to be within three hundred yards of the shore and not in immediate danger although she had listed a trifle.

MINISTERIAL CRISIS AVERTED.

BRUSSELS, Feb. 21.

The danger of a ministerial crisis has been averted, at least temporarily, by Premier Theunis' speech in the Chamber of Deputies on the financial and economic situation, his exposition making an excellent impression both in Parliament and throughout the country.

WANT MINES KEPT OPEN.

HALIFAX, Feb. 21.

The Nova Scotia Government is sending representatives to R. M. Wolvin, President of the British Empire Steel Corporation, urging that Florence and Princess Mines be maintained in operation for several days a week until navigation opens. This is in preference to having these collieries in the vicinity of Sydney Mines closed down altogether.

MCLAUGHLIN MAY BE RELEASED.

OTTAWA, Feb. 21.

The probability that the Governor in Council will order the release of James B. McLaughlin, Cape Breton Labor leader, is being freely discussed here. It is understood a decision may be rendered by the Cabinet shortly.

COUNTRESS OF CARNARVON IN CREDULOUS.

LONDON, Feb. 21.

The Countess of Carnarvon, interviewed by the Daily Express with regard to the assignment of the license for excavation of Tutankhamen's tomb which was relinquished after her husband's death, expressed complete astonishment at the action of the Egyptian Government. "Such a step is impossible," she said. "The license cannot be revoked after my signature is attached. Moreover no Government would be so discourteous as to take such action without first informing me of their intention. I have received no intimation that such a course was intended."

A CLOSE CALL.
