

A Foolish Mission.

A despatch from British Columbia states that the Local Government have decided to send a delegate to Britain to complain of the non-fulfillment of the terms of the Union with Canada in regard to the construction of the Pacific Railway.

Affairs in France.

Political affairs in France betoken a crisis of a serious character at no distant day. Since the resignation of the late Ministry and assumption of power by the new one, the debates on the election law and other questions have become more acrimonious and excited in the Assembly.

The incident caused great excitement in Paris, and afterwards when Gambetta appeared at the railway depot, he was greeted with cheers and hisses.

The trial of Ambrose Lepine for the murder of Thomas Scott, will be commenced on Wednesday next, before the Court of Assizes, at Winnipeg, to be presided over by Justice Wood.

According to the last German army list the German army numbers now 1,324,940 men, with 2,740 cannons. The field forces number 705,700, the field reserve forces 243,540, and the garrison troops 375,700 men.

The local elections in New Brunswick are engrossing a great deal of attention in that Province, the issue being the School question, and on the result depends the existence of the present Government.

In accordance with the new law, several Townships are getting their voters' lists printed. The plan is an excellent one, and every Township Council should see that it is done, as it will save much trouble, and be of great service for reference.

An improved, or rather newly invented, felt fabric has been brought to great perfection by English manufacturers. In London it sells at prices which make it the rival of woven fabrics for curtains, upholstery, book-binding and similar purposes.
