## FOR SOME WEEKS

We have been calling your attention to the fact that "Bread is good food, eat more of it." If you have any doubt concerning this write the Department of Agriculture or any food chemist.

Bread IS good food. Eat more of it.

The next time you stand before the grocer or when tele-

phone your order insist on having Aylmer Bread.

It saves time It saves labor It saves money

## Stratton's Bread

Not only does all these, but it does more. It helps to build up local manufacturing. Do you want to build up Aylmer or some other nearby town. If you are of the few who have never tried our bread will not make any mistake in buying a loaf.

"You will never know how good it is until you try it."

### JAFFA HOLDS INTERESTING MASQUERADE

On the evening of October 30, a masquerade party was held at the home of Mr. Isaac Davidson. Nearly every one was dressed in costumes. Some representing ghosts, mummies, George Washington, Grand mother and grand father, sailors and Red Cross nurses, besides many clowns, sunflowers and other things. They promenaded on a large verandah lit up by candles in pumpkins. They then called on Mr. Robert Elgie and Mr. Wesley Pearce who served them with apples. This afforded much sport it being so difficult to eat them with the false faces. After the promenade they unmasked on account of losing their false teeth and breaking their spectacles. They played games and served lunch.

### SPORT NOTES

We now have a bowling league organized, which is proving out very satisfactory to the sporting element of the town and it seems to us that a baseball league could be organized next spring which would be even more successful. The idea is not original with us, we having heard it spoken of many times during the past few months. Elgin, at one time, a very few years ago, had a league, which, for the size of the town, would be hard to beat, and now, with so many of the boys back from overseas everything would seem to point very favorably towards the scheme of re-organizing.

A league could be formed for the county, to include about eight teams: Corinth, Springfield, Stratfordville, Port Burwell, Eden, Sparta, Union, and Aylmer. These places are situated so that transportation difficulties would be reduced to a minimum and tournaments could be held at intervals to defray expenses thus incurred.

A town league could also be formed and no doubt at least three or four evenly matched teams could be whipped into shape to enter. Just about three or four years ago we remember the Aylmer league which contained three teams, Brodies', Shoe Factory and Foundry. This league was a great success and we see no reason why one could not be again. You, who read this, keep it in mind, tell your friends about it and help them to keep it in their minds. Talk baseball, talk it hard and next spring well see if you can't play baseball and help to keep Aylmer on the map in the sporting realm.

## Children Cry for Fletcher's CASTORIA

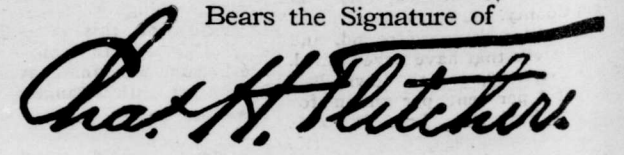

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.
