LONDON. WEDNESDAY, APRIL 27 THE GIFT TO MR. FIELDING.

The Minister of Finance was yesterday presented with a gift of money, to amount to \$120,000, anonymously subscribed by admirers in all parts of the Dominion. There are numerous precedents for such a testimonial. Tennyson coined a proverb when he wrote of "the eternal want of pence that vexes public men." Sir John Macdonald was an illustration. He was twice lifted out of financial distress by the voluntary gifts of friends. It was only a few years ago that Sir Wilfrid Laurier, through a similar kindness, was enabled to buy a home,

THE HOG AND BACON TRADE.

The falling off in Canada's trade in bacon with the mother country some years ago prompted the Dominion department of agriculture in 1907 to a commission to Europe to inconditions in countries the excellence of their bacon. The report of that commission, which comprised five experts, including two from Ontario, has now been published, and is certain to prove of interest a deadly feud in the cabinet. "I WAS IN BAD SHAPE"

But Little Digesters "Have Done Wonders for Me"

Here is an experience with the first part of which you may be all too familiar. Mr. Josh Smith, of North Seneca, Ont., writes about "Little Digesters:"
"Having been troubled with Indigesto New York by one of the greatest sol-

tion for a number of years, I have tried

nearly all kinds of pills and tablets for Indigestion only to be disappointed. "Seeing your tablets advertised I thought I would give them a trial, and must say I am glad I did. Before taking them I was in bad shape. Bad taste in my mouth mornings and so dizzy that I hardly knew how I would put in the day. Everything I would eat would seem to sour and ferment, but after taking "Digesters" I can say they have done wonders for me."

If you know what the first part of this story means why not learn the relief and delight which comes from the use of "Little Digesters?" "Little Digesters" are positively guaranteed to cure all forms of Indi-

gestion and Dyspepsia or your money will be refunded.

TO CONSERVE GAS.

Windsor, April 27.-Windsor and Chatham city councils have passed resolutions regarding the conservation of natural gas in Essex and Kent Counties, and have forwarded them to the minister of mines. The resolutions state that the councils view with much concern any legislation that would have the effect of making the production of natural gas secondary to the production of oil, or that would permit of any waste of gas under the cover of necessity or convenience in the production of oil. The minister of nines is asked to use his good offices 25c. at your draggists or by mail from in the direction of the conservation of natural gas as the most useful mineral in this part of Ontario.
