Swift Current Can Show

How many towns or cities in Canada can show anything like
the stride that SWIFT CURRENT has struck this year?

Here are figures that talk:

Building Permits in January, \$314,814

Let your savings grow with the fastest-growing town in
Saskatchewan—those permits placed SWIFT CURRENT in
second place, next to Winnipeg. An investment there now
will give you big profits, if placed on our property right away,
before prices go up.

About the Soo

Sault Ste. Marie, Ont., is worth keeping your
eye on, and while you are watching real estate
advance, owing to the doubling of the steel plant
and other industrial activities, you might as well
own some of that real estate. We have a few
choice inside properties.
