Like Boils. Worst on Face. Watery When Rubbed. Also Hands Cracked and Smarted. Cuticura Soap and Ointment Cured.

Main St.; Eye-Brow, Sask .- "I was bothered with small pimples similar to little boils for four or five years. They were all over me but worst on my face. Of course they gave me a bad appearance. The pimples were both painful and itchy so I scratched till quite large sores would be the result and they seemed to be very watery after I rubbed them to a sore. My face was very scarred during the

time it was sore. "I was troubled with sore hands most all winter for two years. They kept cracked till they would be bleeding, and they smarted and were so sore I could hardly bear to get them wet. 'Upon seeing Cuticura Soap and Oint-

ment advertised I thought there would be no harm in trying them so I started with a small sample. I purchased a full-sized cake of Cuticura Soap also a box of Cuticura Ointment and before I had quite finished this I saw I was lots better so the second cake of Cuticura Soap and box of Cuticura Ointment was purchased. But little was used when I was entirely cured." (Signed) Mrs. Wm. Dickson, May 23, 1913. For treating poor complexions, red, rough

hands, and dry, thin and falling hair, Cuticura Soap and Cuticura Ointment have been the world's favorites for more than a generation. A single set is often sufficient. Sold everywhere.
