59TH YEAR. NO.23449

PRICE, THREE CENTS

CONDEMN CLOSING NORTH END FIRE HALL

SAYS DOMINIONS NOT EXPLOITED SMYRNA SCENE

War Attitude for Press

CONSULTED COLONIES

Canada and South Africa Approached With New Zealand and Australia.

London, England, Sept. 23 .- (Canadian Press Cable).-Premier Lloyd George, after a 50-minute address a No. 10 Downing street, today to press representatives, favored Reuter's Agency, on behalf of the Canadian Press, with a special interview with regard to Canadian criticisms of the imperial government's method of inviting the war dominions to send coningents in the event of war with

Lloyd George emphatically denied that the dominions, in any way, were being exploited for political purposes He said there was no question of any such thing, and such an impression

was entirely unfounded. that the sacrifices which Australia and New Zealand had made in Gall:of the freedom of the Dardanelles by the powers, or take matters in straits was involved. The cabinet dewere entitled to participate in the deence of the freedom of the straits, and the cabinet, at the same time,

The prime minister declared at the will result in the realization of all outset he would like to make it clear their claims. that any action that had been taken had nothing to do with the merits or demerits of the case under dispute between Greece and the Turks. The British government, said the premier, had been impartial as between the Greeks and the Turks. He pointed out that a few weeks ago eral in chief command at Constanti-

given to Mustapha Kemal Pasha." in the late war demonstrated how vital was the freedom of the narrow seas to the protection of commerce and "to humanity in its broadest aspects. The closing of the straits by Tur-

key during the late war, he declared, was responsible for the disaster "of one of our strongest allies and the defeat of Rumania, and prolonged the war by at least two years.' In pointing out Great Britain's im-

partiality as shown by her warning ment at a conference with the newsto the Greeks, Mr. Lloyd George add-"We acted then in the interest of peace. The same motive is inspiring our action today."

LIQUOR LAW FARCE SAYS AUSTRALIAN

continental system of light wine and this exceptionally prodigal war from discount at which they purchased the beer dispensing is the best solution of the liquor problem-better than any system of government control, in the opinion of F. L. Flanagan, who ARREST ALLEGED SLAYERS has been inspecting the drinking sys tems of the world on behalf of the government of South Australia. He sailed last night on the Niagara for Adelaide. Prohibition, as practised in the United States, he declared, is a farce. He will advise the South Australian government against try ing any similar legislation.

May Solve Mystery of City's Lost Cement Mixer

DEVELOPMENTS of a sweeping and interesting nature, calculated to shake the very foundations of the city hall, are anticipated by members of the London Housing Commission before their special arbitration committee submits a final report in connection with the city's houses at Pine

Chief among the list of expectations, according to the commissioners, should be the answer to a question long and unsuccessfully debated in civic circles: "What on earth became of the city's cement mixer that disappeared directly all operations had Trade Commissioner States People ceased at Pine Lawn?"

Taxing the ingenuity of local authorities this mystery of early 1921 is still a mystery in September, 1922. from the vicinity of the city hall startled the headquarters of the different candidates by their assurance that the missing equipment had been located out Lucan way.

fizzle, however, and a special party returned to the city, deeply puzzled but still convinced that the mixer was somewhere in London Township. Since that date nothing further developed, and the search ended simultaneously with the election. The history of the cement mixer in

question is just as brief as it is bewildering. The apparatus was purchased for and employed, it is related. in the Pine Lawn district during the the American gulf ports." construction of the civic dwelling that were the means of placing that suburb on the map for keeps. In time the big task was completed

and the cement mixer was removed to the city yard, Waterloo and Horton streets, pending the consummation of a deal with a certain contractor, place it had disappeared, and who 39.2 per cent. moved it or where it was transported At the end of July, Dominion notes terms of the Baltimore settlement,

years ago dicating further enlightenment upon the strange case.
