CAMPBELLTON BOYS WRITE OF WAR.

Not Many of Old 26th Left—Many Changes—Has Seen Considerable of France

The two letters following were received by J. L. LeBlanc from his sons who are with the Canadians at the front.

Pete, LeBlanc is with 26th while Pat, J., is with the machine gun section of the 2nd Brigade.

France, Oct. 19, 1916.

Dear Father:
Received a letter from Florence a few days ago and also the tobacco, and thank you very much for same.

We did not have such a bad trip last time. Have seen two scraps and in one took part with the British troops and they are pretty nice fellows to be with, but they found it strange to see us with them. We went in for twenty-four hours for the scrap and before we got out we had been in for ten days, which was quite a while. We had to move about four times and dig in each time which kept us pretty busy but we were not located at all by Fritz so he did not give us much trouble, but he was not very far out and throwing very heavy stuff. We are back in billets just now and don't expect to be here long. I wrote a card last night to you as I thought I would be away this morning. We expect to be going further back of the line.

This morning one of the boys had the honor of getting the D. C. M., for doing good work up the line. One lad with his gun "No Man's Land" held up a counter attack and Fritz tried to capture it but was sorry for it. The gun puts out over six hundred a minute. The other lad got his gun knocked out with the rest of the crew but he went another alone and did some good work. The place I was in last time someone caught Fritz pretty bad with a machine gun for they were laying all over the place by the score, more than one could count. One took all kinds of souvenirs and I got a saw bayonet which I will try to send to you if I can get it away.

Everything here as we advance shows that Fritz is very hard pressed in every way for he does not get a minutes rest for there is something doing here every day and Fritz has his picked men on this front and they don't line the tanks at all. His airplanes have only come over once since we arrived, they came by flocks but three were brought down that day. Fritz is not down very deep in and his troops can't fight in the open at all and I hardly think myself that he can stand much more of it. I was watching them the other day taking in the wounded with a white flag. I had glasses, got a pair issued to me when I got my pistol. They are handy for looking up things before fire also for ranging. Will write again soon, so with best wishes to all.

Your son, Pat. J. LeBlanc.

Field, Oct. 18, 1916.

Dear Father and all the Family:
There is no doubt that you have been wondering what had happened to me and that I had not written for some time. Well its like this, we have been touring the country for about a month and a half and now we do not know for sure if we shall remain here or not, however I have been quite well all the time and have heard from Pat once or twice since we moved here, and he is all right.

Well we did our little trick down in the _____ which was a regular hell

NURSING SISTERS HOME FROM FRANCE

Arrived Here Saturday Morning Enroute to Homes—Speak of Canadian Wounded.

Nursing Sister J. E. Mann of Shigawake arrived here last Saturday morning, on the Maritime express, having landed from the S. S. Mauritania, Friday.

She visited her brother, Chief of Police, T. Mann, Saturday evening, a quiet entertainment was held at the home of Chief and Mrs. Mann, Arran St., in her honor.

Sister Mann, who is a graduate of the Montreal General Hospital went over with the McGill unit in May 1915 and has since been caring for the wounded soldiers in France. She was at one of the clearing hospitals at the front and saw many of our Canadian boys, and is led in her praise of the grit and spirit of even the severely wounded. All were cheerful and bore their suffering patiently.

Nurse Mann resigned her commission to come home and nurse her mother who has been seriously ill for sometime at her home at Shigawake.

Nursing Sister Dickie of Charlott was also a passenger from the front on the same steamer.

for us all, but the boys in the old 26th kept their name up all the same, although our casualties were quite numerous on our first attack, next was not nearly so bad, simply because we did not have the men to lose. Believe me, there are very few of the old bunch left with us now, things are somewhat different about this Battalion at present.

Well now I have seen some of France and am not a bit struck on it, although the people are very nice to us most everywhere we go as they have never seen the Canadians before and find that they can speak some French. I met George Wallace a few days ago and he is all right, but have not heard a word about Frank Savoie yet. I guess there are no hopes of him now.

It looks as though winter was setting in again and we have to stick it out again, as this war has no end for the present.

Well all goes well with me now and hope it is the same with you all at home. You have my best wishes for good luck.

Your son Pete.

ATHOL BOY KILLED AT LACHINE, QUE.

Was Playing With Another Boy When he Received Severe Electric Shock.

An inquest will be held today into the death of fifteen-year-old Norman Reid, of Lachine, who died Wednesday in the Lachine General Hospital, as a result of burns received about a month ago. The victim who was an orphan, with no relatives in this country, was playing with another boy along the canal banks at Lachine, when he climbed a post belonging to the Canadian Light & Power Company. When he reached a cross arm he came in contact with a highly charged wire and was badly burned, and thrown to the ground. Little hope was entertained from the first, and he died late Wednesday night. The body was taken to the morgue yesterday.—Montreal Globe 9th Nov.

Enquiries made here have brought out the facts that he formerly lived at Athol.

In writing of the affair to Rev. H. Miller, Mr. Swan of the Presbyterian College, Montreal says: I may say that the little fellow bore his sufferings manfully and from conversation with the nurses learned that there never was a more easily managed or patient sufferer in the public ward.

EARLY SKATING AT RINK

The management of the skating rink have laid a two inch plank floor at the Skating Rink and during the recent cold snap were able to make ice and last Saturday night the rink was thrown open to the public. This is the earliest in the history of the rink. Two nights skating were enjoyed, then the management found it necessary to close down for a few nights to thicken up the ice. It is probable the rink will be open again to-morrow night.

TWO RESTIGOUCHE BOYS AMONG THE KILLED.

Corporal Boyd Nichol and Private James R. Gallant Make Sacrifice.

Two Restigouche boys are mentioned in the casualties this week as having made the supreme sacrifice.

They are:—
Corporal Boyd Nichol of Glenora, killed in action.
Private James R. Gallant, died of wounds.

The following letter has been received by Mrs. Gallant:—
Ottawa, 17th Nov., 1916.

Dear Mrs. Gallant:
It was with feelings of very great regret that I learned today of the death on Nov. 16th, of Private James R. Gallant.

I am writing this letter for the purpose of extending my very sincere sympathy to you in your sad bereavement. Nothing of course can lessen the effect of the blow and of the sorrow caused to you and his family and intimate friends, but at the same time it is a satisfaction to know that he died serving his country. His brave defence of those who are left at home and of the free institutions that are so dear to the heart of every Canadian and Britisher.

Again expressing my very deep sympathy, I am,
Yours very truly,
