The fight stopped and declared a draw. Boston Notes by Schaefer at Billiards—Sporting Notes.

New York, May 12.—Between 7000 and 8000 persons witnessed the glove fight here this evening between Charles Mitchell and Billy Edwards. The latter appeared over trained. Mitchell was the picture of health and weighed 154. Edwards weighed 130. The men had never seen each other before and responded promptly to "time."

At the opening of the second round Edwards hit a short with his left and Mitchell returned a hard right-hander on his opponent's face. Mitchell followed up with a crusher with his right, and Edwards went down under it. Edwards received a couple additional whacks going down each time, but getting in a good one on Mitchell's forehead.

At the last round Edwards seemed to lose his grip, and Mitchell went for him right and left, knocking him down four times within as many minutes. Capt. Williams then interposed and separated the men in spite of the unwillingness manifested by Mitchell to obey his orders.

For the third round Edwards came up smiling but very groggy. He was promptly floored by Mitchell with a right-hander. Capt. Williams then stopped the fight and the match was declared a draw. Edwards was completely exhausted.
