LOOK TO THE FUTURE

Times may change and work become less plentiful for you with advancing years and you will have no such help anywhere as your nice little few hundred dollars saved in some sound Canadian Bank.

Begin now with only one dollar. Make a hobby of it. See how far behind you can leave trouble and hard times. Above all things do not look backward in your run to the harbor of comfort.

BABY'S OWN TABLETS USED TEN YEARS

Mrs. C. E. Stilwell, Winthrope, Sask., writes: "I have used Baby's Own Tablets for the past ten years and have found them so good for my little ones that I always keep a box in the house." Mrs. Stilwell is one of thousands of mothers who always keep the Tablets on hand. Once a mother has used them for her little ones she would use nothing else. They are absolutely free from opiates and injurious drugs and cannot possibly do harm to the youngest child. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Weeding Out Poor Stallions

Over 74 per cent. of the stallions under license in the Province of Ontario are thoroughbreds. That striking fact is recorded in the annual report of the becomed in the annual report of the stallion enrollment board to Hon. James Duff and represents the degree of success that has attended the operations of the drastic legislation passed three years ago, aiming to gradually eliminate all 'grade' animals.

animals.

In 1913, when the act went into force, there were 993 grades out of 2,760 or 36 per cent. Today there are approximately only 726 grades out of 2,630, or about 26 per cent. The big cut was made on August-1, when by the operation of the act all grade animals with defects were put on the prohibited list. This eliminating about 100 stallions. The remaining grades will be tolerated for two seasons yet, but in 1918 they must go, and thereafter only pure-bred stock will be licensed in the province.

The Price of Your Local Newspaper

THE cost of living has nearly doubled during the last 15 years. Almost everything in common use has risen in price. Yet your weekly newspaper has remained a dollar a year without variation.

The printer and publisher have not escaped having to pay

the higher cost of living and publishing.

He pays what others pay for the necessities of life. Even before war broke out, the old dollar rate was known to be unprofitable. It costs at least \$1.50 to produce a good weekly newspaper—this when it has a good circulation, and when circulations are small, the \$1.50 rate is scarcely enough.

But the war has made the old dollar rate quite impossible. Paper prices have jumped alarmingly. Ink prices have doubled, trebled, quadrupled. Many colored inks are quite off the market. Type is terribly high. And so we could go on reciting the dismal tale of higher publishing costs.

What we want to do is to let you see for yourself that in the face of these things, only one thing is left open to us—it is to raise the price of the The Guide-Advocate to \$1.50 a year.

YOUR weekly newspaper is rendering this community a service no city daily can. No daily will give space to local news and affairs as The Guide-Advocate does. No city daily publishes the advertising of local merchants. If you had to depend solely of a city daily for local news, you would cry out for your local weekly.

On and after Dec. 1st the new rate of \$1.50 will go into effect. We ask you and all the good people of Watford, Brooke, Warwick and county and neighborhood to fall in with the new rate—just because it is an honest price and because you are fair-minded.
