

CHEVROLET

A Canadian Car for Canadian Conditions

FEW cars can boast of being so thoroughly Canadian-made as Chevrolet. With the exception of certain essential motor car accessories not now made in Canada, Chevrolet cars are built, not merely assembled, in Canada.

Motors, axles and other heavy parts are made in the mammoth General Motors plant at Walkerville; while body-building, top-building, small-parts making, assembling and finishing is done at Oshawa.

Hence, every dollar you pay for Chevrolet helps build up a strong Canadian industry that is giving employment to thousands of Canadian workmen.

There are many other reasons, moreover, why you should investigate Chevrolet.

Chevrolet stands up, winter and summer, under Canadian conditions of road and climate—and delivers quality transportation at a lower cost per mile than any other car.

And Chevrolet price, though it is much lower than you would expect to pay for a car so fine, is the full cost of the car and its equipment—there are no extras to buy. Before you buy a car at any price, have us demonstrate the superior features and equipment of Chevrolet.

for Economical Transportation.

CANNING OF BEANS

IN PICTOU COUNTY.

New Glasgow.—Last evening Prof. Cumming, of the Agricultural College, Truro, addressed a large meeting of the farmers of Bay View, Pictou county. Prof. Cumming is very much interested in the growing and canning of green beans in Pictou county. This business was inaugurated by Messrs. McDonald and Mason, of Bailey's Brook, Pictou county, last summer, and the experiment proved quite successful. The farmers of Bay View regarded with favor Prof. Cumming's suggestions. Messrs. Logan and Roberts offered to supply the cans and cases, and to do in a measure for West Pictou what Messrs. McDonald and Mason are doing for East Pictou.

A man is but a worm of the dust—he comes along, wiggles about a while and finally some chicken gets him.

BEAR RIVER FINDS EXTRA ROOM FOR SUMMER VISITORS.

Private Homes Will Be Opened—Board of Trade Regretfully Accepts President's Resignation.

Bear River.—The monthly meeting of the Bear River Board of Trade was held Wednesday evening at the Masonic reading room. Two new members were added and reports from the various committees show progressive action is being taken.

The resignation was regretfully received of the President, Dr. W. J. Wright, who has gone to pursue his research work at Congo, Africa.

Progress is being made with the subscription list for publicity, and it is expected further responses will be made.

The committee appointed to promote the interest of the big Community Cherry Carnival, to be held here Thursday, July 24th, reported the personnel of the various sub-committees, and active work in their several departments will begin at once.

A canvas of the town has resulted in there being found attractive homes for about forty summer visitors, exclusive of the hotels, and efforts will be made to have these filled.

A committee was appointed to look into the matter of improvement to the bathing beach and erection of bath houses. An intimation was made that tennis privileges would be extended to visitors at the splendid new courts of the Tennis Club.

Already the Board of Trade has shown a progressive spirit looking to the improvement and best interests of the community, and confidently expect the hearty co-operation of all in the work for the general good.
