LOVELL'S ADVANCED GEOGRAPHY

For the use of Schools and Colleges,

With Maps, Illustrations, Statistical Tables, &c.

—o—
**Authorized by the Honorable the Minister of Education
for Ontario.**
—o—

The Publishers, encouraged by the reception accorded to the above work, and desirous of giving it a larger circulation, beg to advise Superintendents, Inspectors and School Teachers, and all others interested, of a reduction in the retail price to **\$1.00** in place of \$1.50, the present price, to take effect at once. The general excellence of the printing and paper will be maintained, the only change [to which the permission of the Honorable the Minister of Education for Ontario has been obtained,] being that the work will have a handsome printed cover with cloth back, instead of the present full cloth binding.

At the reduced price (\$1) the Publishers have reason to expect a much larger sale, as the work is acknowledged by Educationalists and the Press, the best in use in the Schools of the Dominion.
