The Reason Why

Ayer's Pills are so popular is, that while always reliable as a cathartic medicine, they never leave any ill effects. This is because they are purely vegetable, and entirely free from calomel or any other dangerous drug. In ail cases, therefore, whether the patient be old or young, they may be contidently administered

In the Southern and Western States. where derangements of the liver are so general, Ayer's Pills have proved an inestimable blessing. D. W. Baine, New Berne, N. C., writes

"I suffered a long time with stomach and liver troubles—I tried various remodles, but received no benefit until I commenced taking Ayer's Pills—These pills benefited me at once. I took them regularly for a few months, and my health was completely restored."

Throughout New England, next to

"A friend induced me to try Ayer's Pills, and, after taking one loor without much benefit, I was disposed to quit them; but he urged perseverance, and, before I had finished the second box, I began to experience relief I continued taking them, at intervals, until I had used cleven hoxes. Suffice it to say, that I am now a well man, and grateful to your chemistry, which outstrips miles."

The head and atomach are always in The head and atomach are always in sympathy, hence the cause of most of those distressing headaches, to which so many, especially women, are subject. Mrs. Harriet A. Marble, of l'oughkeepsie, N. Y., writes that for years she was a martyr to headache, and never found anything to give her more than temporary relief, until she began taking Ayer's Pills, since which she has been in the enjoyment of perfect health.
