

Pharmaceutical Education, and of advocating a separate and official course of study for Pharmaceutical students.

The PRESIDENT referred that gentleman to the Committee on Chemistry and Materia Medica.

Dr. SCOTT moved seconded by Dr. GODFREY, that the President vacate the chair, and that it be taken by Dr. Beaubien.

Dr. SCOTT then moved, seconded by Dr. CRAIK, that a vote of thanks be tendered to the President, Dr. Tupper, for his very able conduct in the Chair, which has conduced so much to the interest and harmony of the Association, and the despatch of business. Carried with loud cheers.

Dr. TUPPER briefly responded. Votes of thanks were then tendered to the Vice-Presidents, the General Secretary, and the local Secretaries for the efficient performance of their duties during the past year.

The Association then adjourned, to meet at Toronto, the first Wednesday in September, 1869.

Canada Medical Journal.

MONTREAL, OCTOBER, 1868.

THE CANADIAN MEDICAL ASSOCIATION.

We devote a large portion of our space this month to recording the proceedings of the first annual meeting of the Canadian Medical Association, which took place in Montreal on the 2nd, 3rd and 4th of September. The attendance, although large—fully one hundred medical men outside of the city being present—did not quite come up to anticipation. The greatest unanimity and good feeling prevailed, and we trust that a sure and certain foundation has been laid, upon which to build up our Canadian Medical Association. The various committees named in Quebec, last year, mustered in good numbers, all we believe having quorums. They began their labours the day previous to the meeting of the Association, and by the time it met several were ready with their reports, among them the Committee on By-Laws, also the Committee on Medical Ethics, and by the second day all had handed in their reports. Dr. Tupper, the President of the Association presided, and by his firmness, impartiality, and parliamentary experience, contributed not
