# WELCOME WORDS TO WOMEN.

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over thirty years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is, of course, regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, find examinations are generally needless, and that no woman, except in rare cases, should submit to them.

should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst imaginable cases. It is the only medicine of its kind that is the product of a regularly graduated physician. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to Dr. R. V. Pierce, Buffalo, N. Y.,—take his advice and be well.

## LETELLIER-ST. PIE.

A very sad accident took place at the reserve St. Joseph last week. It is supposed that Mrs. food for her six weeks' old baby over a lamp and that the lamp was upset.

What is certainly known is that the fire began about 6 o'clock. Mrs Jubinville called to her little niece who was sleeping with her for company, to get up, the house was on fire. She then the Lake of the Woods, Rainy room. Whether she fainted or lost her mind will never be taken the Blessed Sacrament to the nearest neighbor that morning, to old Mrs. Beaupré. Coming out of the house with her son, they saw the flames and hurried to the scene of the fire. On the road they met the little girl, who said that her aunt was still in the house. Mr. George Beaupré crawled in on hands and knees and succeeded in bringing out the cradle with the baby in it. He re-entered the doomed house but to no avail; the smoke and flames were in possession. Later, with a rope, they recovered part of the body of Mrs. Jubinville. The other child was completely consumed.

Mr. Jos. Jubinville was away from home. Father Campeau undertook to go and break the terrible news to the poor husband and father, who in so short a space of time had lost his dearest and nearest ones. The poor baby was badly burned, but God had compassion on the poor little motherless thing and soon sent for it to join the angel choirs. May her soul and the souls of all the faithful departed rest in peace.
