

Letters, we get letters . . .

Foreign Service Families, this newsletter is for you. If it is to be of maximum interest and use to you, it needs your input. We welcome any and all comments about this first issue — its content, layout, graphics . . . whatever. Please write to the Editor, Liaison, Posting Briefing Centre, Lester B. Pearson Building, External Affairs, Ottawa K1A 0G2.

The FSCA was founded in 1976 to meet the needs of the foreign service community. Since that time it has been an active, productive organization. It has published an informative newsletter, the *Bulletin*, three times a year, done in-depth studies on a variety of topics (health, education, pensions, spousal employment, mobility and the family), held informational functions (panel discussions, guest speakers) plus hosted social functions. The question now is: Is our association still meeting our needs as best it can?

In the April issue of the *Bulletin* there will be a questionnaire pertaining to the role of the FSCA as it is seen today. There will be extra copies available at all the posts and in the External Affairs Building. Members and non-members alike are encouraged to take a few minutes to fill it in and return it to the *Bulletin* c/o the FSCA. Your responses will help give our association direction for the future.

President's note

I am pleased to have been asked to contribute to this new bulletin. We wish it well. Each issue, in this column, we will be keeping you informed of the activities of the FSCA. For further information please contact our office, 593-5729, or write to the FSCA, Lester B. Pearson Building, Ottawa, K1A 0G2.

The FSCA has held two important functions so far this year. In November, the Under Secretary, Mr. Marcel Massé spoke to us on "The Shape of Things to Come". This was attended by 160 members and non-members alike. Mr. Massé's speech stimulated a very good question and answer period.

In January we sponsored a one day Art Display which was held in the Crush Lobby. The thirty-six participating artists, whose work ranged from jewellery to pottery, papier-mâché to paintings, were all from our foreign service community. More than three hundred people visited the exhibit and their response was so enthusiastic that you might well see a repeat next year.
