SUMMARY	iv
1.0 INTRODUCTION	1
2.0 BACKGROUND	7
2.1 The PRC Economy and Development Prospects	7
2.2 The Energy Sector	11
2.2.1 Commercial Energy Sources	11
2.2.2 Energy Production and Consumption	14
2.3 Electrical Power Supply and Demand	19
3.0 CONSIDERATION OF CONDITIONS RELATING TO CANADIAN EQUITY PARTICIPATION IN POWER SECTOR DEVELOPMENTS IN CHINA	25
3.1 The Case for Equity Participation	25
3.2 Conditions Affecting Consideration of Foreign Participation in a Joint-Venture Power Development Enterprise	27
4.0 INVESTMENT MODELLING OF THREE GORGES AND GEHE YAN WATER CONTROL PROJECTS	38
4.1 Case Studies of Three Gorges Water Control Project ...	38
4.1.1 The Project	38
4.1.2 Case Studies	41
4.1.3 Discussion of the Analyses	43
4.2 Case Studies of Gehe Yan Water Control Project	49
4.2.1 The Project	49
4.2.2 Case Studies	50
4.2.3 Discussion of Analyses	52
4.3 Observations	57
4.3.1 Discussion of Compensation Trade in Relation to Equity Investment	59
5.0 CANADIAN INTEREST IN INVESTMENT OPPORTUNITIES	61

TABLES

2.1 China's Gross Domestic Product, 1981-1985	7
2.2 China's Gross Domestic Product, 1980-2005	8
2.3 Exploitable Hydropower Resources of Major River Systems in China	12
2.4 International Comparisons of Sectoral Energy Consumption, 1980	15
2.5 China: Production and Energy Consumption in Small and Large Plants, 1980	16
2.6 International Comparisons of Primary Energy Consumption Relative to GDP, 1980	17
2.7 Energy Consumption in Industry Per Unit Gross Value of Industrial Output in Selected Countries	18
2.8 China: Final Energy Consumption in Industry, 1980	18
2.9 Total Annual Electric Energy Generation and Installed Generating Capacity from 1949 to 1983	20
