#### SUGGESTED COMMITTEE STUDY OF FOOD PRICES REVIEW BOARD REPORT ON NUTRITION—REQUEST FOR UNANIMOUS CONSENT TO MOVE MOTION UNDER S.O. 43

**Mr. James A. McGrath (St. John's East):** Mr. Speaker, I too ask the unanimous consent of the House under the provisions of Standing Order 43 to move a motion of urgent and pressing necessity. The Food Prices Review Board today released its study on nutrition. The report found that there are serious deficiencies in the diets of Canadians, especially protein deficiencies among older men and women and calcium deficiencies among all age groups except the very young. In my view this is exacerbated by the increase in the price of meat products and milk. I therefore move, seconded by the hon. member for Peace River (Mr. Baldwin):

That the report of the Food Prices Review Board on Nutrition, released this day, be referred to the Standing Committee on Health, Welfare and Social Affairs.

**Mr. Speaker:** Order, please. The House has heard the terms of the motion. As it is proposed pursuant to Standing Order 43, it cannot be debated without unanimous consent of the House. Is there unanimous consent?

Some hon. Members: No.

Some hon. Members: Agreed.

#### PROPOSED COMMITTEE STUDY OF BILINGUAL LABELLING REQUIREMENT—REQUEST FOR UNANIMOUS CONSENT TO MOVE MOTION UNDER S.O. 43

**Mr. Dan McKenzie (Winnipeg South Centre):** Mr. Speaker, I rise pursuant to Standing Order 43 to present a motion on a matter of urgent and pressing concern to Canadian businessmen, namely, the requirement that all package labels be printed in both official languages as of September 1. The sudden urgency arises from the recent decisions of a number of foreign exporters not to comply with the law, thus effectively cutting off supply and, hence, the livelihood of a number of Canadian businessmen who are under the impression that the government is doing nothing to alleviate the problem. I therefore move, seconded by the hon. member for Portage (Mr. Masniuk):

That the House direct this matter to the Standing Committee on Consumer Affairs for complete study of its effects on small and large businesses and the Canadian economy.

**Mr. Speaker:** Order, please. The motion is proposed pursuant to Standing Order 43. Is there unanimous consent for the debate?

Some hon. Members: Agreed.

Some hon. Members: No.

**Mr. Speaker:** There is not unanimous consent.

**Mr. Armand Caouette (Villeneuve):** Mr. Speaker, under the provisions of Standing Order 43, I ask for the unanimous consent of the House to discuss a very urgent matter.

Given the fact that alcoholism at the steering wheel is responsible for the great majority of fatal road accidents, and since Holland, in the face of this plague, has implemented legislation aimed at freeing Dutch roads of 99 per cent of the drivers under the influence of alcohol, I move, seconded by the hon. member for Richmond (Mr. Beaudoin):

That the Standing Committee on Justice and Legal Affairs review the legislation implemented by Holland to face this plague of alcoholism at the steering wheel and report to the House on the advisability of passing similar legislation to free Canadian roads of the plague of drunken drivers.
