Measuring Track For Tait's Saturday Night Effort-A Big Card.

George Morton of the Q. C. B. C. has been asked to return the prize awarded him in the Dunlop Trophy race. The scorers and judges claim he used D. Young's number, 34, and started from the limit whereas his number is 58 and time limit 61-2 minutes. Should Morton not be able to prove otherwise he not only loses his prize, but draws a suspension for the balance of the year. and back lines.

All this was changed in the second set, Sherwell took things coolly, the Mercer's game was still superior, and the latter reached five games to two and forty love,

not be able to prove otherwise he not only loses his prize, but draws a suspension for the balance of the year.

Bill Worthington, surveyor, is measuring and staking Scarboro Beach Track today so as to have everything absolutely correct for Jack Tait's record trial in the three-quarter mile handicap Saturday night. Tresidder, Hind, Phillips and Gairdner also expect to lower the one-half mile relay record.

Then the matched races between Champions Walt Andrews and Frank Brown in a pursuit will meet Andrews and Brown in a pursuit race at the next meet, so every team will do its best. The teams will be: T. B. C., Scotty Wilson and R. Brody; H. M. C., H. McDonald and Doc Morton; Indians, G. McMillan and A. Spencer; Q. C. B. C., George Watson and W. Deacon; Salem, C. Mercer and J. the perponderence of Baird and Sherwell in every event in which they entered, these and other things were the features and the sensations of yesterday's play in the tennis championship matches at the Rusholme club.

The defeat of Mr. Mercer was the outstanding event of the day and of the tournament. Mr. Mercer had won the first set, 6-2, playing at top form and getting over many sensational strokes. His crosscourt work, his placement and generalship were wonderful. His service was working well, while Mr. Sherwell seemed not to be able to find the side and back lines.

All this was changed in the second set, Powell winning by the score of 6—2, 6—1, 6—1, and Schwengers by 6—4, 6—1, 6—0.
The match between Schwengers and Watson was keenly contested in the first set. Watson obtained a brief lead, but the Canadian eventually secured an advantage, maintained it and outplayed Watson thruout the rest of the match. Powell and Schwengers tomorrow meet A. G. Watson and W. H. DuVivier in the doubles.

expert said yesterday, "When Muir is good, he is great." Last Saturday Henry scott, who has played against Muir and with him on the Shamrocks and the Montrealers, expressed the opinion that Muir was the greatest goaltender in the history of lacrosse. "The closer you come in on him." said the brilliant Irish home player, "the easier he seems to get them." Barry, another Shamrock man, will probably be used in the game, and may relieve either Fitzgerald or Braden if these players are not in shape to go the full route.

The Toronto team is smarting under the report that they quit down at Montreal last Saturday, and may be counted upon to do their best against the Nationals. They are by no means out of the championship race yet, for they have a long series of home games, making just two trips away for the rest of the say of the greatest of the say, and if they get off to a good start tomorrow afternoon may be counted upon to be close up at the finish. The discount of the coast league may make it possible for the Big Four teams to get the say of the greatest of the say of the sa some seasoned players from the west, and if the bars are taken down it is certain that Toronto wkill get two or three. The plan for the game on Saturday is open and seats may be reserved at 146
