

WHY NOT BE UP-TO-DATE?

Write us for Particulars.

Have your machine room equipped with our Shavings Exhaust System. It saves time and money. Our Planing Mill Exhausters and Patent Dust and Shavings Separators are acknowledged by all the leading manufacturers to be the best obtainable. We are fully prepared to enter into contracts to remove refuse from wood-working machines, placing the system in running order and with guaranteed satisfaction.

"ABC" MOIST AIR DRY KILNS

are not the dryest subject you can study by any means.

There's money-saving interest in every line of our catalog 139-L. Can we send one?

We have had your kiln in operation only a few months, but so far it has given perfect satisfaction. We find it very simple to operate and it has more than met our requirements, thus far. As the capacity of the kiln is more than our requirements, we run it at a low temperature and our lumber comes out in excellent condition.

Yours very truly,
NEW ORLEANS FURNITURE MFG. CO.

THE STANDARD DRY KILN

THE DRY KILN THAT DOES NOT DISAPPOINT

is at its best now with its brick and steel construction and with its ever-successful Moist Air System.

It possesses all the merits necessary to the perfect drying of lumber.

Users say so. Duplicate orders prove it.

Write to-day for our free Catalogue "D," which tells the whole story, with pictures to illustrate it.

The Morton Moist Air Dry Kiln

There is no other Kiln like the Morton.
Send for Catalogue.

Many say they thought they had good kilns before they bought the Morton, but would be satisfied with nothing else now.

What Constitutes the Best Dry Kiln?

The one that gives the most universal satisfaction, which, without question, is the Morton.
