

By ROBERT W. CHAMBERS

THE CONSPIRATORS. Illustrated. Post
8vo, Cloth, \$1 50.

There is an unmistakable brilliancy about "The Conspirators"; the rollicking spirits of the hero, the man who tells the story, are infectious, and his ardor in love is delightfully romantic.—*Chicago Tribune.*

LORRAINE. Illustrated. Cloth, \$1 25.

Of this novel *The Interior* says: "A more absorbing story could scarcely be imagined; there is no better tale among recent publications than 'Lorraine.'"
