N. TORONTO MEN MAKE FORMAL APPLICATION

Will Try and Bring Railway Com-
pany to Time—Centenarian
in Uxbridge.

North Toronto, Sept. 8.—(Special)—The men had another run last night this time again on a false alarm and to the southern part, one of the longest stretches. Instead of a nominal fine Chief Collins will try and get the town council at their next meeting to make the offence punishable by imprisonment instead. Even the method suggested by the chief is too lenient.

Herbert Waddington, real estate agent, North Toronto, and Herbert Winter, druggist, Yonge-street, have applied to the Ontario Railway and Municipal Board for an order compelling the Toronto and York Radial Railway Co. to improve its service on the Metropolitan division. They claim the cars are overcrowded and there is delay in passing at switches due to moving of freight.

GAVE OWN AND SISTERS ESTATE

The will of the late Miss Elizabeth Chew bequeathed an estate valued at \$20,820 to her sister Miss Emma of Weston. Had the death of the latter occurred first, the will stipulated that the estate should be divided amongst a number of charitable societies among which the Hospital of St. John the Divine would have shared to the amount of \$7,000. The Dean and Chapter of St. Albans's Cathedral would likewise have come in for \$18,000. The sum of \$1000 was to have gone to St. Philip's Church, Etobicoke, \$3,000 to the Home for Incurables, and \$10,000 to the Church Home for the Aged. The amounts altogether total more than that left by the deceased lady but her sister Miss Emma Chew is still living and can do what she will with her own estate.

UXBRIDGE.

Passes Century Milestone But is Still
a Great Man.

UXBRIDGE, Sept. 8.—(Special)—Michael O'Neill a few days ago celebrated his 100th birthday. He was born in Ireland in 1810, coming to Canada in 1841, and three years later to Uxbridge, where he has resided ever since. The Uxbridge Postoffice was at that time a log hut, and the building now stands on Mr. O'Neill's property. Considering his extreme age Mr. O'Neill is wonderfully bright both physically and mentally, and while working a large garden alone, was at one time engaged as a blacksmith, and claims that he is still able to shoe a horse as well as the next man. The venerable old gentleman bears the good will and best wishes of every man, woman and child in the Town of Uxbridge.

BIG ACREAGE OF FALL WHEAT

Reports from all parts of the county indicate that the work of the farmers is being wonderfully accelerated by the heavy rains which have fallen, softening the hardest ground and rendering possible the heaviest sowing of the last summer and the high prices of the farmers attempt anything in the way of fall wheat sowing. Another thing which has induced a heavy demand for pure seed wheat this fall is undoubtedly the big yield of last summer and the high prices prevailing. Out York County a number of farmers are already thru County Treasurer Macdonald states that two weeks ago the farmers around Georgetown and Guelph were beginning to work. In almost any event there is sure to be a luxuriant growth with the most favorable conditions obtaining.

EVERY MAN TO HIS TRADE.

The action of Councillor Rescor of Markham Township in arrogating to himself the dual offices of engineer-in-charge of the township, together with his duties as councillor, in relation to the "Riffoot Bridge," has aroused a lot of criticism and unfavorable comment in the municipality. Wherever the actual facts of the case are known, popular sentiment approves of the course adopted by Messrs. Barber & Young, the engineers, in withdrawing from any further connection with the matter at all. The ratemakers of Markham Township appreciate as well as any body of men the advantage of an economical council, but they do not approve of the intermeddling policy adopted by one of the members, as exemplified in the case of the "Riffoot Bridge."

HAMILTON HAPPENINGS

OBJECTS TO CRITICISM OF INSPECTOR SPOTTON

Hamilton Trustee Defends the Public School Pupils and Entrance Examiners.

HAMILTON, Sept. 8.—(Special)—Trustee Booker got up on his hind legs at the meeting of the board of education to-night and defended the public school pupils and the entrance examiners, in the face of the criticism of Provincial Inspector Spotton. The inspector said that the writing and spelling of the pupils was bad and that the examiners were lax in allowing so many pupils to go to the Collegiate Institute. He considered such criticism as nonsense, as spelling and writing were not subjects which required brains, and for that reason children should not be held back on that account.

Because he is not a wealthy contractor, the board decided not to sue J. Clapham for breach of contract in refusing to fulfil the plastering contract on the Victoria-avenue school. He tendered for the work, but claimed he made a mistake in his figures, and, as the result of his refusal to carry out the work, the board had to let the contract at \$185, or \$600 more than the original contract.

It was decided to hold the annual sports on the last Friday of this month and \$200 was set aside for prizes, etc.

The Hamilton Temperance Federation, at a meeting held to-night, decided to ask the city council to submit a bylaw to the ratepayers in January for the cutting off of 18 liquor licenses. The decision was reached some time ago to ask council to submit a bylaw in favor of a reduction, but it was not until to-night that the

number of licenses to be asked to have cancelled was decided upon. There are now 48 licenses, and the temperance people want the number reduced to 50. They will likely make the request to the council at its meeting next Monday night in the form of a petition. The intention is to inaugurate the campaign in favor of the expected bylaw by holding a banquet about Oct. 1.

Scratched Until I Tore The Flesh

"It was in the latter end of the year 1908 that a nasty itch came through my skin, and I scratched it until I tore the flesh. I tried several ointments to no effect. I went to a skin hospital. They advised me to go to the Hospital, but I refused. I could not sleep with the constant itch. I was that way until on or about the month of January. One day I chanced to see in the papers a case like mine, but I gave it no credence. At last I said, 'I will try the Cuticura Remedies. With the first wash and Cuticura Ointment I used, I found their effects. I got one box of the Ointment more, and in less than one week the skin was all right, and left no traces after it. I have not had a return of the same since, and I shall always praise the Cuticura Remedies as being the means of my cure.'

(Signed) JOHN TYRRELL,
94, Scotland Road, Liverpool.

In a further letter Mr. Tyrrell adds: "The first appearance of my skin eczema was a burning itch which I could not get rid of. It caused sleepless nights, but now I can sleep as well as ever."
