Sutton and Schaefer Are Ready Billiard Cracks Meet To-Night

Play 18.2 Balkline for \$500 a Side in Chicago - Sketch of World's Expect to Have Half-Mile Track in Championship Matches.

CHICAGO, Nov. 4.-George Sutton, champion, and Jake Schaster, challenger, report themselves in excellent condition and perfect stroke for their 18-2 balkline world's champion match for \$500 a side, which is to be decided at Orchestra Hall on Tuesday night. Schaefer prepared for the cue battle at Charles Tennee' Senate billiard rooms on North Clark-street, with Al Taylor as an opponent. Sutton conditioned himself for the match at his rooms on Adams-street, playing the white ball against the black. George has shown the best in practice, averaging at times between 50 and 100, with numerous triple figure runs. His highest breaks during the last two weeks were 344 and 334, and his best average was 100½, scoring 603 points in six innings. That is much better than Jake has shown, still the "Wizard" has been consistently averaging between 20 and 50, also with runs of triple figures. There is quite a difference in favor of Sutton in their respective methods of practice.

The flames spread to the cot and were making fast headway when the mother, aroused by the calls of the little boy, rushed into the room, and with great difficulty and presence of mind succeeded in smothering the fire.

Medical aid was immediately summoned, but could do but little for the suffering child, and no great hopes are held out for her recovery.

The young girl in question has been confined to her bed ever since she was six months old.

CHILD FATALLY BURNED.

BELLEVILLE, Nov. 4.—Another terrible warning to mothers happened in this city. Mrs. Benjamin Siñpson went out into the yard, leaving her two children, aged 5 and 3, in the kitchen. The youngest, Mabel, played too near the stove and set fire to her clothing, being in flames when the mother returned. The child died last night. The other child, a boy, had done his best to extinguish the flames, but without success.
