one day to pass beyond the time allowed by the rules of court for entering his dece. The property was conveyed to the later in 1869, subject to a mortgage. The tgagee is now the plaintiff, but it is

claimed that the Senator has a possessory title, and he swore he had a good defence on the merits. The Master in Chambers refused leave to defend and Meredith, J. affirmed the Master's judgment, hence the present appeal. The court thought that the plaintiff had made out a very plain case from the Senator's letters acknowledging the validity of the mortgage, and dismissed the appeal with costs.

The court was also asked to decide the validity of a chattel mortgage made by William Hendry Niddrle to William Charles, Meredith. The alleged defects were two-first, that the figure "4" was left out of the jurat in the affidavit of bona fides, which thus read that it was sworn in the year A.D. 189 instead of A.D. 1894, a difference of seventeen hundred and five years, and, second, that the witness to the mortgage in the affidavit of execution as required by william Hendry Niddre, one of the parties thereto," thus describing the mortgage, Niddre, as Meredith, one of the parties thereto," thus describing the mortgage, Niddre, as Meredith, the surname of the mortgage, who did not execute the instrument. The court held that there was no affidavit of execution as required by the perfectly plain provision of the statute respecting chattel mortgages, and that the chattel mortgage was therefore invalid.

Mr. Justice Ferguson dismissed with costs the appeal of Mr. John Kerner from an award, finding that he has sustained not amage by reason of the running of the track of the Toronto, Hamilton & Buffalo Rallway Company along and under Hunter-street, upon which Kerner's property is situate, in the city of Hamilton. The learned judge also decided that under sec. 161 of the Dominion Rallway Act no appeal lies unless the amount awarded is over \$400.

A MONSTER VESSEL.

The Largest Merchant Steamer Afloat Just Launched at Belfast. Belfast, Sept. 10.—The Hamburg-American Steamship Company's new twin screw steamer Pennsylvania was suc cessfully launched from the Harland & Wolff shipyards this morning. The new vessel is the largest merchant steamer afloat, being of 30,000 tons dis-placement and 20,000 tons carrying capacity. She is 585 feet long, 62 feet beam, and 42 feet deep. The Pennsyl-vania is designed to make an aver-age speed of fourteen knots an hour and to have a passenger capacity of 200 first cabin, 150 second cabin and 2000 steerage.

"Neverleak" Tire Fluid.

It is not claimed for the "Neverleak" Tire Fluid that it will do impossible things, it will not make a wornout tire new, nor mend one that has been mixed up in an argument with a trolley car, but it will mend all ordinary punctures.

Three ounces of "Neverleak" pumped into a tire will make it absolutely puncture proof, or rather, will instantly heal the leak so that the rider will never know the tire was punctured. Do not wait until you have a puncture, but inject the fiuld at once and you can then ride over plus, needles or tacks and the air will not escape. It can also be injected after the tire has been punctured.

A satisfactory test of "Neverleak" can be made by taking an awi, jabbing it completely through the tire, as many times as one wishes, after the fluid has been injected, and the punctures will be healed immediately. Mr. Harold A. Wilson, Toronto, the agent of "Neverleak" will refund the purchase money if it does not give satisfaction.

Tom the August average condition of the crop, which was 80.1, to 64.2 per cent., a decline of 15.9 points. This is the lowest September condition reported in the last 27 years. The complaint is almost universal that the excessive heat and dry weather have caused the plant to shed leaves, blooms and bolls, and that where rains have fallen they have come too late to be of material benefit.

FIGURES ABOUT FAIRS

As Shown by the Returns Made to the Pro vincial Government. Under the provision of the Ontario Agriculture and Arts Act, 95 district and 352 branch agricultural and horticultural societies made returns for the last financial year to the Department of Agricultural

of Agriculture.

The total receipts for the year from all sources were \$443,497. The principal items were balances from previous year, \$44,300; legislative grants, \$74,840; municipal grants \$21,735; grants from other societies, \$17,661; subscriptions and donations, \$88,242; rents and admissions \$124,985, and money borrowed, \$25,321.

The total disbursements were \$405,-253, leaving balances in hand of \$38.

The total disbursements were \$405,-253, leaving balances in hand of \$38,-244. The amount paid for prizes was \$195,097, of which \$119,939 was for animals and dairy produce and \$30,-002 for fine arts and ladies' work. The amount spent on buildings and grounds was \$51,733, while \$26,289 went to retire loans.

The assets total up \$454,939, of which \$597,620 is in lands and buildings.
The llabilities of all these societies aggregate \$142,238, consisting mainly of \$127.995 for moneys borrowed and \$6107 in unpaid prizes.

Mintyre & Wardwell (John J. Dixon send the following despatch to their branch office at Toronto: Stocks suffered quite a decline to-day. The main cause of weak-ness was the failure of another bank in New Orleans. Traders thought they discovered yesterday and to-day evidences of a desire to realize by the leaders of the late bull campaign, and they were not slow to take advantage of this state of things to depress prices. St. Paul directors med to-day and declared the regular dividend, Foreign exchange declined to-day about equal to the advance in money established by the Bank of England and the additional premium asked for gold eagles. There is less hoarding going on in the country and money is inclined to be easier. While the market has hardly had a sufficient reaction compared to the heavy advance, still we do not look for much further decline.

received the following despatch to-day from Chicago:

The market was rather quiet to-day. What action there was appeared to be more the result of local attempts to get a scalp out of the market rather than news, which was afloat. Barrett, Bennett & Whyland bought wheat early, and the crowd thought it was for Cudahy. There was also buying by Geddes brokers. On the slight bulge Gifford sold a round lot. Brosseau, Fraser & Dupee also sold moderately. The trade here is fully 75 per cent. bullish. Those who are not enthusiastic enough to buy are not willing to sell. The weather map shows nothing to interfere with the perfect condition for late harvests for finishing the corn crop and the free movement of all products. Cables were steady and 4d higher. Oats—Very dull and featureless. Receipts were 236 cars, with 300 cars for tomorrow.

Provisions—Trade in hog products to-day was poor, business being chiefly confined to local operators. Prices ruled steady within a narrow range.

McIntyre & Wardwell (John J. Dixon) received the following despatch to-day from their branch off.ce at Chleago:

Wheat opened firm and held fairly steady during the day, fluctuating within a narrow range, and prices recorded at close show a slightly easier market, due probably to the fact that Government figures on crop, which are expected this afternoon, will not prove as buillish as anticipated. Cables were 4/4 higher. While the freight situation is such as to hamper any large export business at present, still every day shows some trade. New York reports 25 lends taken there and at outports and 60,000 bushes were worked here. Receipts Northwest heavy, 1043 cars, against 557 last week. Should we experience a break on the crop report think a favorable opportunity to buy.

The Government report to-day is expected to indicate a yield of over 24 billions of corn. The cash demand continues good and charters were made for 370,000 bushes, the market is on a supply and demand basis, with an absence of speculative interest.

Provisions opened a shade lower on selling of January ribs by Swift and Viles and Robbins. Commission houses bought January lard. New York sold December lard. Packers bought October ribs moderately. The market closes easy.
