there until Sunday afternoon, when it will be taken into the church. The funeral service will be held at 10 o'clock Monday morning. Flynn Was Smothered.

The worst fears of friends of Thos. Flynn, who years ago worked in the G.T.R. shops, but who hadn't been heard of for years, have been realized. Flynn, it has been learned, lost his life six or seven years ago near Chicago. He was smothered in a grain Alfred Dean, who was a shopmate o

Flynn's, came here from Chicago yes-terday, and heard that inquiries had terday, and heard that inquiries had been made about the missing man. He said he remembered of Flynn's tragic end. It appears Flynn and another old Hamilton man, Thomas Sullivan, were trying to beat their way on a freight train. Both made for a grain car. Flynn jumped in, but the appearance of a railway officer caused Sullivan to retire the present City Engineers and employ one Chief Engineer is not making the progress anticipated by its most active promoters. The members

Reports Sent to General Conference
The Executive Committee of the
General Board of Methodist Missions
concluded its session on Friday.
Among the matters recommended to
Conference is 'the' closing of all
churches kept open for sentimental
reasons or for the convenience of the
favored few. They also recommend a
re-arrangement of domestic missions,
to do away with the present overlapping.

Detective Davis was making a tout of the pawnshops on Friday afternoon when he encountered Edward Cuaig, an old man, who was attempting to dispose of a lawn mower. Mc-Cuaig would not tell where he got the and was locked up on suspicion of having stolen it.

Deal is Closed. Hamilton Spectator: It is said that the deal for the transfer of the business of the Fowlers Canadian Company to the Swift Company of Chicago has been closed, and that the chang's will take effect on Sept. 1. It is also stated that the business will be inceased and that it will be a good thing for Canada. thing for Canada.

The horse ran away.

Tested by Time.—In his justly-celebrated pills, Dr. Parmelee has given to the world one of the most unique medicines offered to the public in late years. Prepared to meet the want for a pill which could be taken without nausea, and that would purge without pain, it has met all requirements in that direction, and it is in general use not only because of these two qualities, but because it is known to possess alterative and curative powers which place it in the front rank of medicines.

AMERICAN SETTLERS FOR CANADA. Colony Passes Thru Junction for Grain Fields of Northwest.

Mr. Charles H. Young, traveling passen

ger agent of the Pennsylvania lines, is a Palmer House guest. Mr. Young came over to Toronto to bring a party of 17 you farmers from the Pennsylvania coal fields across the line and start them on their way to the Canadian Northwest. "The law which Canada has to prevent railroad ticket scalping is largely responsible for the cheap rates the railroads are making to the harvest fields. Ticket scalping is the Eurse of the railroad business in the States. If the trunk lines there dared attempt such a rate as ten dollars for a ride covering from three to six days as the rouds on this side have done, it would result in such a cut of earnings as to nearly eripple the roads involved. If there was no law to prevent ticket scalping, half of these tickets sold from Toronto to Winnipeg, with a certificate entitling the holder to another ticket 500 miles west, would turn up in the hands of Winnipeg ticket brokers. Canadian railroad lines are a great factor in peopling the western territories for this very reason. In our experience, two months after our harvest excursions our regular receipts used to fall off 40 per cent. This was due wholly to the scalping of the return portion of these tickets. For that reason it is a most difficult thing to secure from American railroads as cheap rates as are made in Canada on such an occasion." farmers from the Pennsylvania coal fields

MISS VIA MACMILLAN

FARRINGER, TEACHER OF PI-ano, Harmony and Singing—By my ethod, we can make good performers and actical musicians of all intelligent child ren, with or without musical talent. We teach harmony in connection with plano lessons, and, by this means, lay a foundation which will enable pupils who are governed by our directions to secure a certificate from Toronto University. We can justly claim superior advantages for our Kindergarten instruction, from the fact that pupils, separately, are under the daily care of an experienced teacher, who combines theory with practice.
