passing council were selected in bulk. A coluble of the candidates acted as sponsors for particulity the entire bunch of aldermen. Never in the memory of the oldest native, has there been such apathy and apparent contempt shown by the people of St. Thomas, for a civic function in which every ratepayer is financially interested. Outside of the gentleman on the first than half a dozen ratepayers than half a dozen ratepayers present.

Not Without Favor.

Evidently the old council that fine its labors tinight was not without an established practice. But on boards of the hydro electric, the ection of candidates for election on boards of the hydro electric, the ter commission and the Amasa Wood solital. A run for the office, declared lissappointed ratepayer at the close the procedings, reminds the amous ones, that the office is not irs, but belongs to the people.

Sell On Local Market for \$21 and \$22 Per Cwt.

Dressed hogs advanced to \$21 and \$22 per hundredweight at a small local market today. The demand for all classes of hogs was good, but the supplies were small. Live hogs sold for \$15 to \$15.50 per hundredweight. Fat sows were un-

helped to alleviate the demand. Quotations set this morning were \$1.50 to \$1.52 per hundredweight, and 51 and 51½c per bushel.

A few turkeys and geese were offered this morning, but the supplies were far less than the demand and prices advanced slightly. From 60c to 62c per pound was paid for retail lots, and wholesale they sold for 57c and 58c per pound. Geese were unchanged, although there was a good demand.

The first load of straw that has appeared at the market in some time sold today for \$13 per ton.

Nervousness, just like weakness, is a family predisposition. We inherit tendencies to disease, just as we inherit physical resemblances. The strain of study, social duties, work at home—these all tend to make nervous troubles among children. No wonder that St. Vitus' Dance, Epilepsy, and constant headaches have become alarmingly common. Pale, nervous, listless young people are met everywhere.

It is nothing short of criminal for parents to neglect signs of weakness in their children. By ignoring the slightest symptom of nervous or mental strain, you may condemn your child to ife-long invalidism. If any member of four family complains of headaches, ear of going into dark places, give mental two modeful tonic, "Ferrozone." trength of body and mind, hardy gives, ability to study with comfort, the attributes of health quickly follows. Chicago, Dec. 28.—Wheat declined in value today as a risult of selling on the part of houses with eastern connections. The fact that content had fallen to new low records for the crop counted as a bearish factor, and so too did lack of evidence of any export demand. Fine weather for the Argentines was also a handicap on the bulls. Opening quotations were followed by moderate downturns all around. turns all around.

Corn weakened with wheat. After opening unchanged to ½c lower the market underwent a slight further sag. Oats were governed by the action of other grains, starting unchanged to ½c lower and showing subsequent additional weakness.

A New Year's Resolution

I, FELLOW-CITIZENS, filled with high ideals, good intent and turkey;

Admitting confidentially that man's labor-saving inventions have been mostly for himself since the time they first made wheels;

And admitting, too that it was unkind to raise a kick against the steamy and sloppy house on wash day, when the women folks had to rasp their knuckles, break their backs and parboil their hands in a tub of stewed clothes (or else do battle with the wash lady);

DO HEREBY RESOLVE that I will bring a little of man's efficiency home, and that as a starter for 1921 I'll take the tip of The Hydro Shop and install an Electric Washing-Machine today. (Sgd.) FELLOW-CITIZEN.
