

MR. FLYNN HOLDS HIS SEAT

It Turns Out That He Has a Majority of Seven.

LIBERALS HAVE 45 SEATS.

Government's Resignation to Be Handled in Without Delay

And the Ministers Will Go Back to Their Old Routine - A Probability That Premier-Elect Marchand Will Soon Be Replaced by Mr. Robitaille - A Movement is on Foot to Elect a Member at Quebec to Merlot.

Montreal, May 12.—(Special.)—Yesterday the election of the Province of Quebec almost annihilated the Conservative party and from 6 o'clock till past midnight the telegraph companies worked heroically to complete the job, with the result that many changes have been made to-day in the returns. At an early hour this morning word was received from Gaspé to the effect that Mr. Flynn had been elected by a majority of seven, yet this afternoon the Premier's opponent claimed a victory, and it is quite likely that a re-count will decide the question.

Mr. Beauchamp, Conservative, is elected in Two Mountains by one vote, instead of Mr. Champane, Lib., as at first reported. Mr. Glavin, Liberal, is likewise beaten in Kamake, which elected Mr. Mondoux by a majority of 3 or 4, yet it was in Sagot that the telegraph people made a mistake.

Here Mr. Milton McDonald, Conservative, is re-elected by 38 of a majority, while his Liberal opponent was reported last evening as elected by over 400 votes.

Hon. Mr. Nantel's majority in Terrebonne is 21 and not 75 as first reported. Unless further changes take place the result appears to be 45 Liberals and 10 Conservatives, with the election in Magdalen Islands yet to be held.

The Dead Government. Hon. Messrs. Nantel and Atwater left for Quebec this afternoon and it is understood that the resignation of the Premier will return to his law practice and Mr. Nantel to the position of editor-in-chief of Le Monde newspaper.

Hon. Messrs. Flynn, Hackett and Pelletier will likewise resume their law practices. Mr. Desbouché, whose defeat every one deplores, is a gentleman of very large means and need to so worry himself for the future. Hon. Thomas Chapais, who represented the Government in the Upper House, will resume his old position as editor of Le Courrier du Canada.

The New Ministry. The king is dead, long live the king! As for the new Ministry, it is quite likely that Hon. Mr. Marchand will be called, but most people say that Hon. Mr. Robitaille will in a short time replace Mr. Marchand, who will be elevated to the Canadian Senate.

This evening the Premier-elect received an ovation in St. John's, but made no reference to Cabinet making or to policy.

Laurent Talks Latin. Hon. Mr. Laurier is a Latinist. The secretary of the Montreal Choral Society, having asked the Premier to be their champion, he replied as follows: "Plat voluit tua. W.L."

A Monument to Merlot. The first thing the Liberals did to-day was to take steps to secure a fund for the erection of a monument to the late Hon. H. Merlot, opposite the Parliament building, Quebec.

Wardell, whose right name is Israel Cohen, was fined \$20 for five months. Campbell, who has served in the penitentiary, and whose correct name is Fred Chambers, got six months or \$25 fine, and Burckett was let off with \$15, or four months in jail.

The High School Board will retain the services of their treasurer without bonds. He gets no salary, and refused to give any bonds. At a previous meeting Trustees Bull and Harris moved that his services be discontinued if bonds were not forthcoming, but at the meeting this week the treasurer held to his position. Mr. Harris then withdrew as seconder to the motion, which left matters as they were. Messrs. Bull and Barker were appointed a property committee, and the board adjourned.

The village land reorganized last night, with J. Bull president, Charles Barker secretary and a committee of nine.

The open cars for the Weston line are expected to arrive by the 20th.

Engineer McLaughlin of the Street Railway Company wants the bicyclists to leave three inches of the line above the center path. The bicyclists want to raise it so they can run off anywhere.

An Irish Member Who Opposes the Canadian Tariff Because of Years of Our Competition.

London, May 12.—James Roche, Irish Nationalist member of Parliament for the East Division of Kerry, has given notice of a motion to call attention to the Canadian tariff proposals, in addition to raising the question as to how far the treaties with France and Belgium prevent Great Britain's acquisition of the Canadian market.

One reason why Scott's Emulsion cures weak throats, weak lungs, makes rich blood, and strengthens puny and delicate children is because all its parts are mixed in so scientific a manner that the feeblest digestion can deal with it. This experience has only come by doing one thing for nearly 25 years.

This means, purest ingredients, most evenly and delicately mixed, best adapted for those whose strength has failed or whose digestion would repel an uneven product.
