ENCOURAGING PROMISE

Many Cities and Towns Antici-
pated Call and Are Pre-
paring.

Already contributions for the British Red Cross campaign are pouring in to the central office in the parliament buildings, and indications are that the people are taking the matter up with as much enthusiasm as they did last year.

Cardiac Township, in Middlesex County, has sent \$500; Mountain, \$100; Southview, \$100; Macdon, Kenora, \$25; Medora, \$25; Wood, Muskoka, \$100, and they will conduct a campaign for more money on the 19th.

Lindsay expects to raise \$25,000 in a joint campaign for the Canadian patriotic and British Red Cross funds. The city council in Fort William has authorized a special collection. Kitchener will probably make a grant. Galt has appointed a committee to make the collection. The campaign has started in Newmarket. The minister of Deloro anticipated the call and took a joint collection for the British, Canadian and French Red Cross funds and for the Belgian Relief funds on Sept. 18. They raised

\$1500, and as they gave \$440 to the British Red Cross they have set aside a similar amount this year, and may make a further contribution.

In St. Thomas the board of trade and the city council are joining their forces for the campaign on Oct. 19. Dr. A. H. Abbott speaks today in London, where the board of trade is undertaking the work. Brockville has promised to do as it did last year. Oshawa will hold a joint campaign for the British and Canadian Red Cross societies, and Peterborough expects to make a grant of \$5000. Barrie and North Bay will have campaigns and Midland expects to make a grant. The chief of police, meeting at Kingston on Thursday night, expressed the opinion that anyone who failed to respond to the call for money should be thrown in the lake. "Skunk" was a term applied to those who held back last year, when \$3200 was raised.

WOMAN FOUND LYING ON STOVE BURNED TO DEATH

Mrs. Agnes Lees Uses Gasoline to
Light Fire and Meets Ter-
rible End.

About noon yesterday the screams of a woman attracted a number of men from the car burners to the home of Mrs. Agnes Lees, 28 Seaward street, where they found the charred remains of Mrs. Lees lying on the kitchen stove.

According to the police, Mrs. Lees, whose husband is employed as a laborer by the Consumers' Gas Co., works out by the day. At noon yesterday she went home for dinner, and in order to start a fire, poured gasoline on the stove. Immediately she was enveloped in flames. The arrival of the men prevented the house from catching fire.

The chief coroner was notified of the affair, and decided an inquest unnecessary. Mrs. Lees was 50 years of age.

SISTER: READ MY FREE OFFER.

I am a woman.
I know a woman's trials.
I know her need of sympathy and help.
If you, my sister, are unhappy because of ill health, and feel that for household duties, social pleasures, or daily employment, write and tell me just how you suffer, and I will send you my free trial of a home treatment suited to your needs, with references to Canadian ladies who gladly tell how they have regained health, strength, and happiness by its use. I want to tell you all about this successful method of home treatment for yourself, my reader, for your daughter, your sister, or your mother. I want to tell you how to cure yourselves at home at trifling cost, and without aid from anyone. Men cannot understand women's sufferings; we women know from experience; we know better than any doctor, and thousands have proved there is hope even for the hopeless in any method of home treatment. If you suffer from pain in the head, back, or bowels, feeling of weight and dragging down sensations, falling or displacement of internal organs, bladder irritation with frequent urination, obstinate constipation or piles, pain in the sides, regularly or irregularly, bloating or unnatural enlargements, nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feelings on the spine, palpitation, hot flashes, weakness, yellow complexion, dark circles under the eyes, pain in the left breast or a general feeling that life is not worth living, I invite you to send to-day for my complete ten days' treatment entirely free and without the expense of hospital treatment, or the dangers of an operation. Women everywhere are curing, my sister, I shall only ask you to pass the good word along. I will explain a simple home treatment which specially and effectively cures great distress (chlorosis), irregularities, headaches, and lassitude in young women, and restores them to health and happiness. Tell me if you are worried about your health, and I will send you my free trial of a home treatment, and when you are cured, my sister, I shall only ask you to pass the good word along. LAW ALLOWS OTTER AND BEAVER SEASON

Trapping Lawful From November
First of Next March—First
in Twenty Years.

By recent order in council, the taking of beaver and otter, which has been against the law for the last 20 years, has been allowed from Nov. 1, next, until March 1 following, under conditions laid down. These conditions provide for a royalty of 50c on otter and \$1.00 on beaver and further that these animals may be taken only by resident licensed trappers or by farmers upon their own land. Either is allowed to sell the royalty coupons which may be used for either animal, two for beaver and one for otter. Trappers may sell only to licensed dealers.

In pursuance of repeated reports from various quarters that beaver were doing considerable damage, the legislature at the last session passed an amendment to the act providing for an open season after Nov. 1, on conditions to be fixed later. These conditions were made public yesterday.

License Board Cancels Lease Of New Hamburg Hotel

The Ontario License Board granted cancellation of the lease of the Grindenberg, Commercial hotel, New Hamburg, yesterday. The lease, dated 1912, contained specific clauses arranging for cancellation in ten days in the event of the Scott Act or local option coming into force. The lessors, Carl and Isobel Messner, objected that the lease had given them the right to keep the hotel after prohibition, had been negotiating to buy the property for \$11,000, and had taken out a standard license.

GRAND TRUNK RAILWAY SYS- TEM

Niagara Falls Illuminated.

Travelers passing thru Niagara Falls now have an excellent opportunity of viewing the above feature. During the evening a battery of electric lights have been combined with the power of 50,000,000 play on the American Falls and rapids, the effect produced being startling in its beauty and revealing the splendor of the falls as they have never been revealed heretofore.

The lamps, of which there are 100 each of 500,000 candle power, are so constructed that when in operation a flood light is thrown on the falls and rapids. A flood light is distinguished from a search or spot light in that its rays are not concentrated, but diffused and spread over a wide area. The lights are arranged so that there is no glare or blinding reflection to hurt the eyes.

Passengers leaving Toronto via Grand Trunk Railway at 4.30 p.m. arrive at Niagara Falls, Ont., 7.25 p.m., Suspension Bridge, N.Y., 7.55 p.m., and a very convenient stop-over can be arranged, allowing time to view this feature and return to Niagara Falls, Ont., in time to take train leaving Toronto 7.30 a.m. due to Niagara Falls, Ont., 9.20 p.m., Suspension Bridge, N.Y., 9.30 p.m.

Both trains mentioned carry New York sleepers and all tickets are good for stop-over.

NO CONSCRIPTION FOR CANADIANS

Government Assures Execu-
tive of Trades and Labor
Congress.

REGULATE FOOD PRICES

Very Few Munition Contracts
to Be Let—Not Many
Needed.

Ottawa, Oct. 6.—There will be no conscription in Canada, but a system of registration to distinguish slackers from workers will be adopted by the government, according to Hon. Robert Rogers, acting prime minister, in a reply to the executive council of Dominion Trades and Labor Congress which waited upon him today and presented the resolutions passed by the recent congress in Toronto.

To Regulate Profits.
As to the high cost of living, the deputation urged that the government take action, and after several plans had been submitted by the labor men the minister gave approval to a scheme whereby the same method that had been adopted to regulate profits on munitions would be used to control food prices.

An interesting statement was made by Hon. Mr. Rogers during discussion on the nationalization of shell shops. He said that it was too late for the government to control munition plants, as word had been received from the British Government that not many more shells would be required.

Contracts Expire Next Year.
Contracts in Canada would extend to 1917, and it was doubtful if many more would be let. The Russian Government might award contracts.

The deputation consisted of President J. C. Watters, Secretary Treasurer P. M. Draper, James Simpson, Toronto, and Alex. Waltham, Victoria, B.C. They were accompanied by the minister of labor, Hon. T. W. Crothers.

RAILWAY BOARDS GRANT APPLICATION OF AURORA

Direct G. T. R. and York Radial
to Instal Interswitching
Arrangements.

The provincial and dominion railway boards sitting in the Parliament Buildings yesterday decided that they would grant the application of the Aurora, Commercial hotel, New Hamburg, the G.T.R. and the Toronto and York Radial to install interswitching arrangements at a cost of \$3,000, if the officials of the boards decided that such an arrangement would be detrimental to the safety of the public. They further stated that in their opinion the town should bear the cost of the installation.

The switch will be about 1100 yards long and the 800 cars of freight a year expected will pass along a section of north Yonge street. The manufacturers, the Collis Leather Co., the Baldwin Flour Mills and Fleury Sons, are the most interested. Thomas Urquhart, once mayor of Toronto, lead the opposition to the scheme.

WILLIAM CARSON CONVICTED.

William Carson, in the criminal court yesterday, was convicted of three charges of theft and was sentenced to jail for ten days by Judge Coatsworth. Carson had been employed at the Exhibition Park, and had broken into the store of Vernon Cunningham, and had a stolen quantity of cigars. Necklaces were also stolen from H. A. Chipman and Alvin Garcia.

Election Talk Now

Heard at City Hall

It has been said around the city hall that Ald. McBride is a possible candidate for the mayor's chair and that he will not seek office on the board of control at the coming municipal elections. But when seen yesterday, the alderman stated that it was a joke as he had not thought of such a course of action.

Ald. Robbins is mentioned as a candidate for the board of control as a labor representative and in this event Jas. Simpson may be forced to run as a Socialist or to withdraw from the running. F. S. Spence is a possible candidate and it is rumored that Ald. Alf. Maguire has aspirations to become a controller.

In ward one, R. M. Yeomans and A. E. Walton are mentioned as probable candidates.
