

County of Megantic. This County was formerly settled by English-speaking people, but little by little they have been driven out by French colonization. Here was situated the old English-speaking Baptist Church of Inverness, the right of which has almost, if not altogether gone out. A few months ago, a Colporteur of the Quebec Bible Society and formerly a student at the Feller Institute Robert Keane, was baptized. He had labored in this county and knew who among them were favorable to the truth. He is now employed by our Board, visiting from house to house and arranging for forthrightly meetings; we endeavor to assist him from the city of Quebec. We are hoping for great success here.

In the City of Quebec, the labors of Brother Grenier have not been without blessing, he has done much in preparing the way for the work in which Rev. A. Burwash has occupied such a prominent position.

In Montreal, Madame Scott has gone quietly about her work with great wisdom and zeal. The spirit of this consecrated woman is truly apostolic. Sometimes she is rudely expelled from the home, and at others threatened with arrest as a bad woman and a seller of bad books; yet still humbly and faithfully she pursues her work, always looking for opportunities to tell of Jesus' love.

In Ontario we have endeavored to prosecute the work of colportage with some measure of success. During the summer, Miss Piché, a teacher at Feller Institute, has been laboring as Bible Woman in conjunction with Miss Frith at St. Eugene. She reports many French Romanists accessible to the truth, some of whom have retained possession of copies of God's Word despite the threatenings of the Priest. Brethren Marcotte and Thibaudeau have done good work in the Valley of the Ottawa. The results from our colportage work are everywhere encouraging.

Sorel.—In our last Report reference was made to persecutions and imprisonment. We succeeded in upsetting the judgment of the Recorder who fined and committed to prison Colporteur Gendreau. The Roman Catholic Judge, before whom the case was finally tried, lectured the Recorder for his unjust decision and treatment of a man who was doing the community no harm. Even in the face of this great victory, our missionary has been threatened, the Mayor and Chief of Police have informed him that they could afford no protection, while members have been systematically
