

TRouble BETWEEN BULGARS AND TURKS

Paris, Nov. 27.—Newspapers of Bulgaria, says the Schmidt correspondent of the Paris Press, are declaring that the Bulgarian army having conquered the Serbian Macedonia, Bulgaria should be satisfied with its triumph and, seeing that Thrace is being retained by the Turks, should not further the fear of the Serbians. In fact the correspondent quotes the Bulgarian papers saying there are now seven Turkish divisions at Sofia, northeast of Dedeagatch, one division at Mustapha Pacha, one division at Varna and one each at Burgas and Constantinople.

The Bulgarian newspapers, the correspondent says, are strongly insisting that the question of Thrace has been definitely settled and that with Germany's support Turkey in Europe should be replaced within the limits in which she was confined in 1911.

The correspondent adds: "If the misunderstanding on this subject continues and in view of the recent speech made by Premier Radoloff of Bulgaria, in which he declared that Thrace should be Bulgarian, the prophecy of ex-Premier Venizelos of Greece may yet be realized and the Bulgarians in the end may be found fighting on the side of those they formerly attacked."

HARMONY MALE GLEE CLUB TO GIVE FINE CONCERT TO HELP PATRIOTIC FUND

The name of this popular organization has appeared before the public, quite generally of late, and its members individually, in quartette or as a body have taken part, quite voluntarily without remuneration, in a number of patriotic gatherings, recruiting meetings and concerts to the soldiers during the last few weeks. A good percentage of the club's former members are either at the front or on the way there, while most of those remaining are ineligible for one reason or another. But if they cannot fight themselves, they are doing what they can to help those who have donned the khaki, or may do so.

The club is preparing for a grand patriotic concert to be given in the Opera House on December 1st, and it is safe to say that the programme will be the best ever given in the city by a chorus of male voices. Those who heard the concert given by the club last spring will not have forgotten the surprisingly artistic singing of the club, which now numbers nearly fifty voices. The programme being rehearsed is one of exceptional merit and that, together with the fact that all the proceeds of the concert will be given to the Patriotic Fund, which needs replenishing so badly, should ensure a large demand for tickets, which will be on sale by the members on Thursday next.

Be Your Own Executor. Has it ever occurred to you that soon after your death your estate, however large, may dwindle away owing to the inexperience of your heirs in business matters? You need have no apprehension that your dependents will thus come to want if you make adequate provision for them by means of an Imperial Life policy. Because every such policy contains a provision under which you may specify that the proceeds shall be payable in equal yearly instalments for 5, 10, 15, 20, 25 or 30 years after your death instead of in one lump sum. For instance, for each \$1,000 of insurance you can direct that your heirs shall receive: 10 yearly payments of \$12.80 each, or 20 yearly payments of 65.50 each, or 30 yearly payments of 49.50 each. Would you leave behind you tangible evidence of genuine parental affection? Then write for information about an Imperial policy to meet your particular needs. Don't wait—do it now.
