Tempt wayward Appetites with the goodness of whole wheat

Children love Puffed Wheat, it tastes so good—is so good

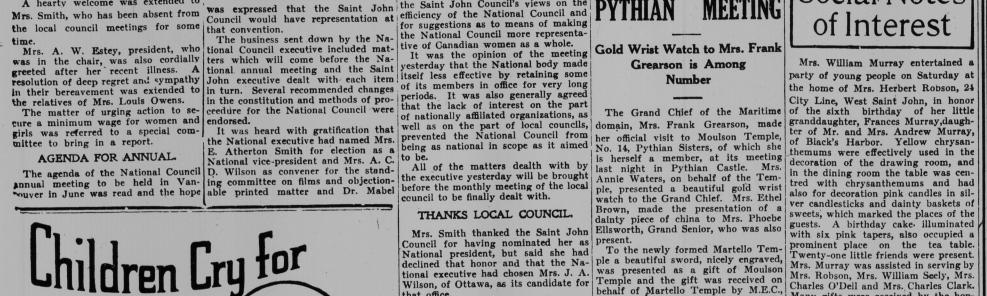

Wholesome whole wheat; -puffed to eight times normal size; —with the taste of nut meats;

—the lure of a confection. So different and enticing, it tempts the wayward appetites of little ones; -yet good for them because it is the whole wheat grain.

—satisfies young appetites without overloading little stomachs.

Bonny

AND so do thousands and thousands of kiddies, every day, as regularly as the sun rises and sets. The Bonny Bread loaf, so enticing—the Bonny Bread flavor, so appetizing, is the prime favorite of bread-and-butter kiddies.

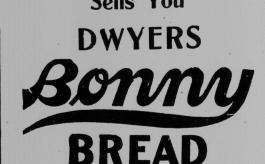

BUT, more than a delightful treat is Bonny Bread! The wealth of food value in each golden, tender-crusted loaf of Bonny Bread makes it distinctive in point of nourishment for body and mind.

LOVELY, richly cream-topped, cool, fresh, sweet cows' milk, by thousands of gallons-ton after ton of the very pick of flour produced from Canada's most nourishing wheat, plenty of malt, shortening and yeast, just enough salt— these bring Bonny Bread to an exceptionally high standard of food value.

The surpassing height of Bonny Bread perfection is due to highly efficient bakers who watch, critically, every stage in the mixing and general preparation of Bonny Bread, which is baked in a completely equipped modern bakery which is fully abreast of the best bakeries in Canada or the United States.

You are coridally invited to visit Dwyer's Bonny Bread Bakery near the foot of Bentley Street.

SYDNEY, N. S., May 3—If the British coal strike lasts long enough to create a heavy demand for coal, Nova Scotia operators doubtless will ship cargoes of Cape Breton bituminous across the Atlantic, it was learned in semi-official circles here today.

During the big English strike of a few years ago, every ship of the Black Diamond fleet was carrying coal from Sydney to Hull and South Shields, the latter being literally a case of "carry-

latter being literally a case of "carry-ing coals to Newcastle." It is consid-

eriod referred to there were slack times in local shipping and most of the British Empire Steel Corporation fleet was available. At present the Black

Diamond boats are busy with the St. Lawrence trade, and if coal is shipped

from Sydney to England, it will have to be in specially chartered bottoms.

Vice-president J. E. McLurg of the British Empire Steel Corporation, was

out of town today, but at the office of H. J. McCann, local general manager, it was learned that although plans

have not been made regarding ship-ments to the old country, a watchful eye
