What Splendid Suits

at \$40 and \$45

And we mean just that. It is not
an extraordinary nor unusual state-
ment to make when you see some of
these suits in our windows at these
medium and reasonable prices.

Only a few days ago a young man
came into the store and asked if he
could really get a suit "like the one
in the window at \$45." He did—We
have them.

Wrong impressions have gone out as
to the amount of money you must
pay to get a GOOD SUIT. We have
a good showing at

\$35-\$40-\$45

Not cheap but honest, dependable
merchandise. Come in and let us
show them to you.

revenue," in which six of the employees
exhibited the styles in bathing costumes
from 1900 to date. The first girl wore
a cloth suit, lined, and weighing about
ten pounds—the regulation effect twenty
years ago. The second girl's suit was
the regulation knitted suit introduced
about 1910. Then came the "flapper" or
abbreviated woman's knit suit, followed
by last year's style in abbreviations.
When the 1920 girl appeared—arrayed,
in spots, in the lightest thing in water-
wear, weighing one ounce—the specta-
tors were unanimous in their decision
not to miss the exhibition next year!

Store Can Make Its Rain.

A white-enamelled front, on which the
hose can be turned when the rain falls
to appear at seasonable intervals and do
the work has been installed on the three-
story building of H. E. Bohner, in Allen-
town, Pa. The Bohner firm has in-
stalled electric lamps of the 400-watt
type in front of its establishment, so the
whole place will stand out like a white
monument at night. It can be seen four
blocks away. The new front attracts
much attention.
