While enjoying these privileges, a feeling of deep sympathy for absent ones has arisen in our hearts and an earnest desire that more of our members might be present with us.

The absence of sister ministers from other Yearly Meetings was a cause for fear, lest women were forgetting that in Christ Jesus there is neither male nor female, but as He says, "I will pour out my spirit upon *all* flesh." We would encourage our younger sisters to faithfulness in this matter.

The condition of our meetings for worship will depend largely on the spirit in which we come together. If our minds are filled with worldly thoughts, till the moment of meeting time, we cannot expect then to come suddenly into a spirit of worship.

We should very early instruct them from the Bible in the way of life and salvation, and in those truths which the Lord has given us as a people, to uphold before the world.

The report of the Bible School Committee shows this work to be in a prosperous condition, but we feel that still more can be done; we would encourage our members to do all they can in this work by opening new schools and better sustaining those already established. Parents should heartily co-operate with the officers of the school, and all should seek above all things else to win the children to Christ.

The different classes of church work as brought before us, have claimed our serious attention.
