CHARADE

FROM the keen blast and tempest-boding day,
To my bright first see shiv'ring Celia fly;
Around her seat my friendly next extends,
And now, unfeard, the threaten'd storm descends:

New Moon, second day, thirty-six m. after five morning.

First Q., tenth day, five m. after 10 in the morning.

Full Moon, seventeenth day, forty-seven m. af. five morn.

Last Q., twenty-third day, seven m. after 11 afternoon.
