The fire caught in Fred Barnhill's grocery store, and before it was stayed forty-seven buildings were reduced to ashes. Twenty families left homeless. The C. P. R. station was also destroyed. The victims included many of the former fire sufferers. Unfortunately, the insurance was light, the insurance companies having become very wary of Fairville risks, owing to the poor water supply.

The Cosmopolitan Monthly Magazine of New York city has been considered for some time the brightest periodical in the list of great magazines and it has always been in the first rank of illustrated publications. Its subscription price for one year is \$3, and on this account the wonderful offer made by the publisher of Progress of St. John comes in the nature of a surprise. It is well known that Progress has built up a great circulation at a subscription price of \$2 and now it proposes to still further increase its readers by offering the Cosmopolitan for one year for 85 cents additional. To explain further, any one not now a subscriber to Progress who sends \$2.85 to the publisher of that bright weekly, will not only receive the Cosmopolitan Magazine for one year but Progress as well for the same time.—adv.

Roadmaster McKay has not been letting the grass grow under his feet, and now our streets present a clean and tidy appearance.

It is expected that the argument in the Manitoba School matter will be heard at the next sitting of the Supreme Court of Canada which opens on the first Tuesday in October.

At a meeting of the directors of the Canada Eastern Railway Wednesday, the management of the road again passed into the hands of Mr. Alex. Gibson. The change in the management was a wise move on the part of the directors as it has been clearly proved that under the late management the road failed to pay as well as it did when formerly under Mr. Gibson's control.

Some of the British papers anticipate that the verdict of the Behring Sea tribunal will be in favor of the United States because of the jealousy of England that prevails on the European continent. This would be equivalent to saying that the American government have the exclusive right to the seals in Behring Sea—a decision that would be in direct opposition to the teaching of all recognized international law.

The serious allegations made some time since in the St. John Globe against Judge Palmer, and which naturally caused much comment, have apparently been unnoticed by that gentleman. It was certainly supposed by all that the judge would seek an early opportunity of vindicating himself, but he has not done so. His silence assuredly places him in a most unenviable position, and one which no gentleman of honor would care to occupy.

**Coming.**

The greatest show beneath the skies. Zera Semon, the original Zera, will appear at the city hall for one solid week, commencing on next Monday evening, July 17, with his wonderful new magic show and Royal Marionette Minstrel and Novelty Company. The latest addition to Zera Semon's show is the world's greatest juggler, Hilton, and the youngest magician before the public. Master Lawrence Semon, who is only five years old, will appear at each performance in his wonderful specialties. Zera Semon does not believe in giving his show on paper, but gives it on the stage. Another feature of the show is that Zera Semon does exactly as he advertises. 150 costly and elegant presents will be given away at every performance. The Springhill Weekly News, Springhill, N. S., says. Prof. Zera Semon has a packed house, and most deservedly so, for he gave the public a rare treat, and in every way filled the promise of his advertisement. One of the beauties of the show is its infinite variety, so that the tastes of all are satisfied. There are singing, dancing, comic sketches of all kinds, and many things besides to charm the eye, please the ear, and tickle the humor. The marionettes were "immense," and caused much merriment. The minstrel troupe is a first-class one, and the conjuring was also of the best, in fact everything was well done. The feature of the evening was the giving out of the prizes, and here too Prof. Semon fulfilled all his promises, distributing more than a hundred really valuable presents. Altogether the show was a great success, and was well worth the entrance money, even without the prizes. It is said to be the most mysterious performance ever seen here.

**The Place to Go.**  
Some people go to the seashore, others go to the World's Fair, but the proper place to go if you want to get good goods at low prices is Oak Hall, where they sell clothing, hats, caps, and furnishing goods cheaper than any other store in the city.

Cartwright, Staff Sergt. Simpson of Toronto and Private Langstroth of Hampton, N. B., made 32. At the 500 yards range of the competition Langstroth totalled 33.

"Gentlemen: When I was 14 years of age I was confined to my bed for several months by an attack of rheumatism, and when I had partially recovered I did not have the use of my legs, so that I had to go on crutches. About a year later, Sarsaparilla, in the form of

So a bottle was bought, and to my great gratification the sores soon decreased, and I began to feel better. This strengthened my faith in the medicine, and in a short time I was
